The vital resource for grading all assignments from the Advanced Pre-Med Studies course, which includes: The fascinating history of medicine, providing students with a healthy dose of facts, mini-biographies, and vintage illustrationsInsight into how germs are symptomatic of the literal Fall and Curse of creation as a result of man’s sin and the hope we have in the coming of Jesus Christ. OVERVIEW: From surgery to vaccines, man has made great strides in the field of medicine. Quality of life has improved dramatically in the last few decades alone, and the future is bright. But students must not forget that God provided humans with minds and resources to bring about these advances. A biblical perspective of healing and the use of medicine provides the best foundation for treating diseases and injury. The evolutionary worldview can be found filtered through every topic at every age level in our society. It has become the overwhelmingly accepted paradigm for the origins of life as taught in all secular institutions. This dynamic course helps young people not only learn science from a biblical perspective, but also helps them know how to defend their faith in the process. FEATURES: The calendar provides lesson planning with clear objectives, and the worksheets and quizzes are all based on the materials provided for the course.

Presents writing concepts used in the SAT in an informal manner, along with interactive drills in the style of test questions.
