This basic, no-nonsense book is a necessity for all firefighters assigned to the truck, as well as members of fire departments who perform the numerous responsibilities of the truck on the fireground. Throughout the book, training tips are included to help you perform the various operations efficiently and effectively. Includes a study guide.

Once upon a time, Amy's future seemed golden. Training to be a world-class ice dancer with her partner Austin, she dreamed of Olympic glory and the day when Austin would see her as something more than just the little girl he skated with. Then, in the blink of an eye, her whole life changed. Four years later, she's just another face in the crowd at her university journalism program and everyone calls her Mia. Only her closest friends and family know anything about her past or the dreams she used to have. And that's what she thought she wanted, until another twist of fate throws her temporarily back into Austin's world. Can she keep the truth about who she is hidden from the one person who used to know her better than anyone?

This fictional re-creation of the battle of Shiloh in April 1862 is a stunning work of imaginative history, from Shelby Foote, beloved historian of the Civil War. Shiloh conveys not only the bloody choreography of Union and Confederate troops through the woods near Pittsburg Landing, Tennessee, but the inner movements of the combatants' hearts and minds. Through the eyes of officers and illiterate foot soldiers, heroes and cowards, Shiloh creates a dramatic mosaic of a critical moment in the making of America, complete to the haze of gunsmoke and the stunned expression in the eyes of dying men. Shiloh, which was hailed by The New York Times as "imaginative, powerful, filled with precise visual details...a brilliant book" fulfills the standard set by Shelby Foote's monumental three-part chronical of the Civil War.

A new edition in the year of James Lovelock's 100th birthday With over fifty patents to his name and innumerable awards and accolades, James Lovelock is a distinguished and original thinker who has been widely recognized by the international scientific community. In this inspiring book, republished in the year of his 100th birthday, Lovelock tells his life story, from his first steps as a scientist to his work with organisations as diverse as NASA, Shell and the Marine Biological Association. Homage to Gaia describes the years of travel and work that led to his crucial scientific breakthroughs in environmental awareness, uncovering how CFCs impact on the ozone layer and creating the concept of Gaia, the theory that the Earth is a self-regulating system. Written in a sharp and energetic style, James Lovelock's book will entertain and inspire anyone interested in science or the creative spirit.

Isobel, haunted by the memory of Varen, goes to Baltimore where she confronts the dark figure known as the Poe Toaster, succeeds in interrupting his ritual, and discovers a way to return to the dream-world, where she must face a new adversary.

Ancient Greek Beliefs explores the mysteries of the ancient myths and religious beliefs of a great people. The text is divided into three sections, Greek mythology, the ancient Greeks, and conclusions. A brief history and lengthy glossary are included. The book is designed as a basic text for the introduction to ancient Greek mythology and beliefs, and the text muses about the religious lessons we might learn from them. It contains abridged stories of Greek mythology, including the extant Greek plays, and considers portions of the works of the great writers, including Aeschylus, Euripides Hesiod, Homer, Plato, and Sophocles. It opens a comprehensive window into the lives of these great ancient people.

Critically drawing on recent theorizations of post-structuralism, feminism, critical criminology, subaltern studies, and post-coloniality he examines the mechanisms through which colonized subjects become recognized, contained, and represented as subordinate.

My Kindle Fire HD Step-by-step instructions with callouts to Amazon Kindle Fire HD photos that show you exactly what to do Help when you run in to Amazon Kindle Fire problems or limitations Tips and Notes to help you get the most from your Amazon Kindle Fire Full-color, step-by-step tasks walk you through getting and keeping Your Amazon Kindle Fire working just the way you want. Therapists working with personality-disordered clients must contend with both the complex and often treatment-refractory nature of the Axis II disorders themselves and the growing reluctance of third-party payers to assume the costs of extended treatment. Presenting a flexible, short-term dynamic model, this book shows how to conduct successful therapies with this population. The author synthesizes the work of pioneers in the field of short-term therapy and adds components from a range of other approaches, emphasizing active defense analysis and empathic affirmation of the client's core self. With step-by-step guidelines and extensive case material, the volume demonstrates how to bring about rapid and enduring changes in personality-disordered clients.
