How Do I Soften Birch Bark? | eHow

White birch, or paper birch (*Betula papyrifera*), is a woodland material that's been used to make crafts for hundreds of years. Native Americans used it in the construction of their canoes, wigwams, sleds, hunting gear and basketry, according to Marlene Hurley Marshall, author of "Woodland Style." . Today, those with an affinity for the birch-laden landscapes can incorporate paper birch bark into almost any project imaginable -- many of which, like these, can be used around the house.

With its graceful silhouette and distinctive white bark, the birch tree has been important to people wherever it has grown. This book covers all aspects of the North's most versatile tree—from its biology and ecology to its different uses, craft applications, and legends. Some of the lore revealed includes birch's role as a Welsh token of love and its mysterious connection with witches' brooms. In addition to learning about how the wood is used in baskets, shoes, and wood coverings, readers can also make more than 15 craft projects from instructions in the book, including folded bark baskets, carved ornaments, and turned wooden bowls.

In Greenville, New Hampshire, a small town in the southern part of the state, Henri Vaillancourt makes birch-bark canoes in the same manner and with the same tools that the Indians used. *The Survival of the Bark Canoe* is the story of this ancient craft and of a 150-mile trip through the Maine woods in those graceful survivors of a prehistoric technology. It is a book squarely in the tradition of one written by the first tourist in these woods, Henry David Thoreau, whose *The Maine Woods* recounts similar journeys in similar vessel. As McPhee describes the expedition he made with Vaillancourt, he also traces the evolution of the bark canoe, from its beginnings through the development of the huge canoes used by the fur traders of the Canadian North Woods, where the bark canoe played the key role in opening up the wilderness. He discusses as well the differing types of bark canoes, whose construction varied from tribe to tribe, according to custom and available materials. In a style as pure and as effortless as the waters of Maine and the glide of a canoe, John McPhee has written one of his most fascinating books, one in which his talents as a journalist are on brilliant display.

This National Book Award finalist by Pulitzer Prize-winning novelist Louise Erdrich is the first installment in an essential nine-book series chronicling 100 years in the life of one Ojibwe family, and includes beautiful interior black-and-white artwork done by the author. She was named Omakayas, or Little Frog, because her first step was a hop. Omakayas and her family live on an island in Lake Superior. Though there are growing numbers of white people encroaching on their land, life continues much as it always has. But the satisfying rhythms of their life are shattered when a visitor comes to their lodge one winter night, bringing with him an invisible enemy that will change things forever—but that will eventually lead Omakayas to discover her calling. By turns moving and humorous, this novel is a breathtaking tour de force by a gifted writer. The beloved and essential Birchbark House series by Louise Erdrich includes *The Birchbark House*, *The Game of Silence*, *The Porcupine Year*, *Chickadee*, and *Makoons*.

Organic Artist encourages you to return to those days when art was made with all-natural materials, like charcoal and birch bark. Immersing you in the natural world, The Organic Artist seeks to inspire creativity by connecting you to your organic roots. In addition to offering a wide variety of suggestions for using nature as supplies for art, this book also introduces the concepts of awareness and perception that are foundational to the creative process. Readers will refine drawing skills, as well as increase their appreciation for the visual arts and the natural landscape. Some of the projects and skills covered include the following: making paper and wild ink, working with soapstone, clay, wood, and rawhide, printmaking and stenciling, natural pigments and dyes, camouflage and body painting, and nature journaling.

These awesome, excellent eco-adventures show kids what's happening in nature! With these creative "recycling" ideas, they'll have a ball making sure that nothing goes to waste--especially if it can make a pot, a painting, or a puppet. Children can scoop up clay and collect twigs and birchbark to turn into animals, frames, and baskets. "Cool Tool" suggestions even show how to create a sawdust kiln! Birds will happily settle in a gourd birdhouse, and fabulous facts on bald eagles and grizzly bears teach kids about the dangers of extinction. Have a burned-out lightbulb? It will shine again as a puppet. Have a "trashy" good time turning eggshells into mosaics, beach glass into jewelry, and cornhusks into angels. Old news is good news when newspapers transform into paper-maché birds. Bottle gardens, ocean waves bath salts, lemonade lip gloss, and tin can marionettes: saving the earth has never been so much fun! 144 pages (all in color), 8 1/2 x 10. NEW IN PAPERBACK
