My Name is Memory is an excellent book until the ending which was the worst ending of any book that I have read in 44 years of reading. The ending was written as a cliffhanger to a sequel which has never been published. I know that the book did not do well enough to publish a sequel but in this day and age Anne could do a self-published book.

My Name is Memory (Unabridged) I really enjoyed this book. It had a lot of detail and brought you right into the story. It made you feel the feelings in the book. The test of a good writer. It is definitely a love story. The ending certainly left the possibility for a sequel. I hope and look forward to a sequel.
