nations defy the long odds against success. Those are the rare breakout nations, and they beat the game by growing faster than rivals in their own income class, so that a nation whose per capita income is under \$5,000 competes with rivals in that class. The growth game is all about beating expectations, and your peers.

Breakout Nations

In the best-selling BREAKOUT NATIONS: In Pursuit of the Next Economic Miracles, Ruchir Sharma, writer and head of emerging markets at Morgan Stanley, draws on two decades spent touring the globe to offer insights into the most promising emerging markets. Sharma reveals his rules for spotting success stories and lays out a compelling argument for which nations will thrive, and which will falter, in a global economy reshaped by the crisis of 2008.
