This is the explosive story of what happened as the Daniel - Lyons feud spiralled out of control and engulfed a whole community.

Drawing on extensive life-history interviews with serious violent offenders, this book offers a unique socio-historical analysis of gang membership and gang evolution in

Access Free Caught In The Crossfire Scotlands

Glasgow, Scotland ' s largest city. The book chronicles the lives of young men in and around Glasgow from early childhood to present day and examines the lived experience of family, friendship, community, and crime. It demonstrates how street reputations are won and lost and how gang membership is not a single event but an

Access Free Caught In The Crossfire Scotlands

experiential process of offending, victimisation, consensus, and conflict. The book follows the young men ' s descent into knife crime and street violence and the impact of imprisonment on their life chances. Detailed narratives capture how they individually and collectively transitioned from street violence to profit-

Access Free Caught In The Crossfire Scotlands

driven organised crime, before eventually disengaging from gangs and desisting from offending. The book concludes with an in-depth discussion of the evolution of gangs and organised crime in the 21st century and in the inner-workings of Scotland ' s marketplace for illegal goods and services, with implications for police, practitioners,

Access Free Caught In The Crossfire Scotlands

and policymakers. A page-turner from start to finish, Scotlands ' Gang Members is a truly unique contribution to knowledge about gangs and crime, written to high academic standards but readable and accessible to all.

Revisiting the young men interviewed in

Access Free Caught In The Crossfire Scotlands

Deuchar's original fieldwork over a decade later, this book ascertains how early exposure to gang culture and weapon carrying acts as a path to wider types of offending. Through empirical insights and policy analysis, it considers the evolving nature of gangs, knife crime and street violence in Glasgow.

Access Free Caught In The Crossfire Scotlands Deadliest Drugs War

This brief sheds light on evolving drug markets and the county lines phenomenon in the British context. Drawing upon empirical research gathered in the field between 2012-2019 across two sites, Scotland ' s West Coast and Merseyside in England, this book adopts a grounded

Access Free Caught In The Crossfire Scotlands

approach to the drug supply model, detailing how drugs are purchased, sold and distributed at every level of the supply chain at both sites. The authors conducted interviews with practitioners, offenders, ex-offenders and those members of the general public most effected by organised crime. The research explores how drug markets

Access Free Caught In The Crossfire Scotlands

have continued to evolve, accumulating in the phenomenon that is county lines. It explores how such behavior has gradually become ever more intertwined with other forms of organised criminal activity. Useful for researchers, policy makers, and law enforcement officials, this brief recommends a rethinking of current reactive policing

Access Free Caught In The Crossfire Scotlands strategies. **Deadliest Drugs War**

Robbery can be planned or spontaneous and is a typically short, chaotic crime that is comparatively under-researched. This book transports the reader to the streets and focuses on the real-life narratives and motivations of the youth gang members and

Access Free Caught In The Crossfire Scotlands

adult organized criminals immersed in this form of violence. Uniquely focusing on robberies involving drug dealers and users, this book considers the material and emotional gains and losses to offenders and victims, and offers policy recommendations to reduce occurrences of this common crime.

Access Free Caught In The Crossfire Scotlands Deadliest Drugs War

Traditional accounts of the Scottish Enlightenment present the half-century or so before 1750 as, at best, a not-yet fully realised precursor to the era of Hume and Smith, at worst, a period of superstition and religious bigotry. This is the first book-length study to systematically challenge that

Access Free Caught In The Crossfire Scotlands

notion. Instead, it argues that the era between approximately 1680 and 1745 was a 'First' Scottish Enlightenment, part of the continent-wide phenomenon of early Enlightenment and led by the Jacobites, Episcopalians, and Catholics of north-eastern Scotland. It makes this argument through an intensive study of the dramatic

Access Free Caught In The Crossfire Scotlands

changes in historiographical practice which took place in Scotland during this era, showing how the documentary scholarship of Jean Mabillon and the Maurists was eagerly received and rapidly developed in Scottish historical circles, resulting in the wholesale demolition of the older, Humanist myths of Scottish origins and their

Access Free Caught In The Crossfire Scotlands

replacement with the foundations of our modern understanding of early Scottish history. This volume accordingly challenges many of the truisms surrounding seventeenth- and eighteenth-century Scottish history, pushing back against notions of pre-Enlightenment Scotland as backward, insular, and intellectually

Access Free Caught In The Crossfire Scotlands

impoverished and mapping a richly polymathic, erudite, and transnational web of scholars, readers, and polemicists. It highlights the enduring cultural links with France and argues for the central importance of Scotland's two principal religious minorities—Episcopalians and Catholics—in the growth of Enlightenment

Access Free Caught In The Crossfire Scotlands

thinking. As such, it makes a major intervention in the intellectual and cultural histories of Scotland, early modern Europe, and the Enlightenment itself.

This is a comprehensive introduction to Scotland ' s major pilgrim routes, past and present. It covers every region and offers

Access Free Caught In The Crossfire Scotlands

inclusive, simple devotional directions related to each journey. The Pilgrim Guide to Scotland is both evocative and inspirational, following each pilgrim journey as a story and as an experience. This is accompanied by simple route and geographical information for walking and travelling in a variety of ways. For those who

Access Free Caught In The Crossfire Scotlands

prefer to explore from the convenience of their armchairs, there is a plethora of enthralling story and information. The concept of pilgrimage is undergoing major revival as a contemporary form of spirituality and faith in Scotland where, for many centuries, it was actively suppressed. Scotland has an exceptionally rich Celtic,

Access Free Caught In The Crossfire Scotlands

medieval and modern spread of sacred places. The pilgrim theme opens up the history, environment and faith of Scotland in a unique way. A fascinating and unique way of exploring Scotland ' s spiritual and cultural heritage.

As army veteran Bill Johnstone watched his

Access Free Caught In The Crossfire Scotlands

garage business burn to the ground, he was certain the fire had been started deliberately. And when the police failed to investigate, he complained. Johnstone then made a shocking discovery: an extensive criminal record had been applied to his name. He believes this was no accident but a malicious act by a police officer. Those few keyboard

Access Free Caught In The Crossfire Scotlands

strokes were the catalyst for a high-stakes battle that consumed his life. What began as police incompetence, soon escalated into an extraordinary saga of betrayal, conspiracy and cover up. This is the incredible true story of his decade-long fight for justice. In an age where our personal information is stored and shared digitally, it could happen

Access Free Caught In The Crossfire Scotlands to anyone. Deadliest Drugs War

This is a collection of essays on the political, cultural and religious history of Scotland in the era of the Renaissance and Reformation.

As a migrant to Australia from North East Scotland, Tom Mann portrays, in

Access Free Caught In The Crossfire Scotlands

Launching Out from Scotland, a unique set of challenges and encounters in Australia and other countries, which include Algeria, the Indian subcontinent, Indonesia, and China. The issues Tom confronts concern the cruelty and effects of war, the plight of refugees, homeless children, the growing of poppies for opium, agricultural and village

Access Free Caught In The Crossfire Scotlands

development, land degradation, mental health, suicide, and miscarriages of justice. With a light-hearted approach, Tom makes each situation real to the reader with anecdotes relating to the challenges and personal encounters. Life, Tom has found, is an adventure, of learning, being open, sharing, and finding oneself in an ongoing

Access Free Caught In The Crossfire Scotlands

journey that never ceases. Launching Out from Scotland shares that passion with the reader. It is an absorbing and inspirational read.
