Bestselling author of Quiet: "The world could surely use a little more love, a little more compassion, and a little more wisdom. In Love for Imperfect Things, Haemin Sunim shows us how to cultivate all three, and to find beauty in the most imperfect of things—including your very own self." A #1 internationally bestselling book of spiritual wisdom about learning to love ourselves, with all our imperfections, by the Buddhist author of The Things You Can See Only When You Slow Down Hearing the words "be good to yourself first, then to others" was like being struck by lightning. Many of us respond to the pressures of life by turning inward and ignoring problems, sometimes resulting in anxiety or depression. Others react by working harder at the office, at school, or at home, hoping that this will make ourselves and the people we love happier. But what if being yourself is enough? Just as we are advised on airplanes to take our own oxygen first before helping others, we must first be at peace with ourselves before we can be at peace with the world around us. In this beautiful follow-up to his international bestseller The Things You Can See Only When You Slow Down, Zen Buddhist monk Haemin Sunim turns his trademark wisdom to the art of self-care, arguing that only by accepting yourself—and the flaws that make you who you are—can you have compassionate and fulfilling relationships with your partner, your family, and your friends. With more than thirty-five full-color illustrations, Love for Imperfect Things will appeal to both your eyes and your heart, and help you learn to love yourself, your life, and everyone in it. When you care for yourself first, the world begins to find you worthy of care.

Pluck has a little red tow truck. He drives it all over town looking for a place to live. Then Dolly the pigeon tells him that the tower of the Pill Building is empty. In the Pill Building, Pluck meets Mr. Penn and Zaza the cockroach. Pluck makes lots more friends and solves all kinds of problems. But the biggest problem is Dove Grove. It used to be a garden with tall trees, but it has been neglected and gone wild. Grown-ups never go there, but the kids from the Pill Building love playing there. But now the Park Superintendent has decided to chop down the trees to make a paved square. Pluck and his friends try to save Dove Grove. But first he has to rescue Longmount from the canal.

The Danish Bestseller Now Available in English Dr Pia Callesen presents the first practical book on metacognitive therapy, a groundbreaking new treatment proven to stop depression in its tracks. Many of us struggle with overthinking. We endlessly analyse what we've said and done or the decisions we have to make. Rarely does this treat the stresses of our lives. Often we become overwhelmed; we end up feeling powerless, spiralling into sadness and even depression. Live More Think Less presents a radical strategy to take back control of our thinking processes. From training our attention to leaving our negative trigger-thoughts on the conveyor belt, the book guides us towards living better through mastering the attention we pay to our thoughts and how we act upon them. Depression and sadness are something we all have the power to overcome.

In Mixing with Impact: Learning to Make Musical Choices, Wessel Oltheten discusses the creative and technical concepts behind making a mix. Whether you're a dance producer in your home studio, a live mixer in a club, or an engineer in a big studio, the mindset is largely the same. The same goes for the questions you run into: where do you start? How do you deal with a context in which all the different parts affect each other? How do you avoid getting lost in technique? How do you direct your audience's attention? Why doesn't your mix sound as good as someone else's? How do you maintain your objectivity when you hear the same song a hundred times? How do your speakers affect your perception? What's the difference between one compressor and another? Following a clear structure, this book covers these and many other questions, bringing you closer and closer to answering the most important question of all: how do you tell a story with sound?

New York Times Bestseller The new must-read epic from master storyteller Ken Follett: more than a thriller, it's an action-packed, globe-spanning drama set in the present day. "A compelling story, and only too realistic." —Lawrence H. Summers, former U.S. Treasury Secretary "Every catastrophe begins with a little problem that doesn't get fixed." So says Pauline Green, president of the United States, in Follett's nerve-racking drama of international tension. A shrinking oasis in the Sahara Desert; a stolen US Army drone; an uninhabited Japanese island; and one country's secret stash of deadly chemical poisons: all these play roles in a relentlessly escalating crisis. Struggling to prevent the outbreak of world war are a young woman intelligence officer; a spy working undercover with jihadists; a brilliant Chinese spymaster; and Pauline herself, beleaguered by a populist rival for the next president election. Never is an extraordinary novel, full of heroines and villains, false prophets and elite warriors, jaded politicians and opportunistic revolutionaries. It brims with cautionary wisdom for our times, and delivers a visceral, heart-pounding read that transports readers to the brink of the unimaginable.

From black cats to iconic snowscapes, Maud Lewis paints our waking dreams. One of Canada's most beloved folk artists, Maud Lewis was famous in her lifetime for her brightly coloured and endearing paintings of rural Nova Scotia. Working from her tiny, road-side house in Marshalltown, she produced hundreds of small works that captured aspects of rapidly changing country life. Until now, the story of her difficult life has dominated the discussion of her art: her triumph over her physical disabilities and poverty, the harsh treatment she received at the hands of her family, and her alliance by chance with her husband Everett Lewis, who enabled her successful painting career over many decades. This book, accompanied by an exhibition at the McMichael Canadian Art Collection, will examine the aesthetic achievements of Maud Lewis's paintings -- her serial repetition of images and motifs and the dizzying variety that she brought to the problems of picture making. From her black cats and kittens, to her cart horses and oxen hauling logs, to her quayside scenes of ships in port and the Maritime landscape in all seasons, Maud Lewis made paintings that still delight in their optimism and buoyant vitality. Featuring a comprehensive selection of paintings drawn from leading Maud Lewis collectors in Nova Scotia, Maud Lewis: Paintings for Saleoffers a unique opportunity to experience the range and depth of her work.
