"Branka Magas's book is an authoritative attempt to shed light on the development of Croatia from the early Middle Ages to the end of the 20th century...Magas provides a detailed and highly complex account of the birth, expansion and conflicts of the national ideologies in the Habsburg empire...Magas has written by far the most comprehensive history of Croatia currently available in English.

**Croatia Through History - Branka Magas - Bok ...**

Branka Magas One of the hardest things to comprehend about the war in Croatia is what it seems to tell us about the fragility of the whole Yugoslav project. Croatia, Kosovo, Macedonia and Slovenia have all declared independence with popular plebiscites to back them up. Bosnia-Herzegovina's parliament has proclaimed a sovereign republic.

This work provides an understanding of the wars in Croatia and Bosnia-Herzegovina. These two interdependent wars were the greatest armed conflicts in Europe in the second half of the 20th century. This work provides an analysis of their successes and failures.

Recounts Croatia's development from the early Middle Ages to the present day. Unlike most Western histories of the region, which tend to neglect the concurrent evolution of Croatia's constituent parts, this comprehensive volume shows that Croatia has instead developed gradually and organically.

Traces the story of Yugoslavia's disintegration over the entire period since Tito's death in 1980. This book explains why this once stable and seemingly harmonious country was fated to break up in a savage war for territory.

The third edition of the Historical Dictionary of Croatia relates the history of this country through a detailed chronology, an introduction, a bibliography, and cross-referenced dictionary entries on significant persons, places, and events; institutions and organizations; and political, economic, social, cultural, and religious facets.

This new addition to Greenwood's Histories of the Modern Nations series provides a comprehensive introduction to the intertwined histories of Croatia and Slovenia, two Balkan nations and former members of the Yugoslav Federation. The recent histories of Croatia and Slovenia have been relatively stable, as both countries have merged successfully into modern Europe. But how did these countries arrive at such a place? The History of Croatia and Slovenia provides factual overviews of these countries' political systems, geographical details, significant individuals, and more. The volume opens with the prehistoric and ancient roots of these states, though this history predates their modern ethnic and linguistic identities as we know them. Chapters cover the Roman period, followed by barbarian waves and the countries' subsequent absorption into the Venetian, Hungarian, and Holy Roman Empires. The modern period of national awakening in the nineteenth century, when the ethno-genesis of modern Croatia and Slovenia began, is covered in great detail. The volume additionally covers subsequent turbulent events such as WWI, WWII, the Holocaust, Communist Yugoslavia, and its civil wars of the 1990s, through the events of 2019. Written in approachable yet scholarly language, this volume is ideal for high school and university students, as well as any reader interested in Balkan or European history. Covers the oft-overlooked contributions to European development made by various ethnic groups no longer extant, such as the Avars, and the unexpected modernity of former civilizations, such as the Republic of Ragusa (Dubrovnik) Provides a critical view of the past century of political and turbulence in this part of the Balkans, objectively discussing the mixed roles of local and foreign protagonists and their continuing legacies Includes a chronology of important events in the histories of both Croatia and Slovenia, providing students with an at-a-glance overview of the two countries' histories Provide biographies of those who have made important contributions to the countries through history in an appendix of Notable People in the History of Croatia and Slovenia Provides readers with detailed information on further resources for their personal research in an annotated bibliography

The history of the Balkans incorporates all the major historical themes of the 20th Century--the rise of nationalism, communism and fascism, state-sponsored genocide and urban warfare. Focusing on the centuries opening decades, War in the Balkans seeks to shed new light on the Balkan Wars through approaching each regional and ethnic conflict as a separate actor, before placing them in a wider context. Although top-down 'Great Powers' historiography is often used to describe the beginnings of the World War I, not enough attention has been paid to the events in the region in the years preceding the Archduke Ferdinand's assassination. The Balkan Wars saw the defeat of the Ottoman Empire, the end of the Bulgarian Kingdom (then one of the most powerful military countries in the region), an unprecedented hardening of Serbian nationalism, the swallowing up of Slovenes, Croats and Slovaks in a larger Balkan entity, and thus set in place the pattern of border realignments which would become familiar for much of the twentieth century.

First published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

An expert guide to the present-day cultural life of Croatia and how it has been influenced by the nation's tumultuous past. \* Includes a chronology of important historical and cultural milestones beginning with the arrival of the Romans through the present day, with an emphasis on the events of the Homeland War and the founding of an independent Croatian state \* Presents photographs of historic and contemporary architecture, landscapes, markets and foods, traditional and contemporary dress, sporting events, and more
