"Our work, in Information Systems and Technology, is about helping our end users do their jobs more productively, efficiently, and creatively. IT (Information Technology) is all about crafting creative technical solutions to perplexing human problems in the workplace." This is the understanding of the IT superstars. It is also the basis of this, the most recent of The Compassionate Geek series of books. In The Compassionate Geek: The 5 Principles of IT Customer Service Success, author Don R. Crawley explores the five characteristics which are common among IT customer service superstars. In plain language, he reveals the five principles, shows common roadblocks to success, and lays out simple and realistic steps you can take to implement the five principles in both your professional and personal life. You'll learn how to put humanity into our world of technology. Written in Crawley's conversational style with personal anecdotes, logic and reason, and a takeaway at the end of each chapter, The Compassionate Geek: The 5 Principles of IT Customer Service Success is not just your guidebook to elevating your customer service success, it's your guidebook to a new, more self-confident and compassionate way of living.

Customer Service Skills for Success by Robert W. Lucas is the top-selling customer service textbook in the United States. Customer Service Skills for Success 6e addresses real-world customer service issues and provides a variety of updated resources, activities, examples and tips from the author and active professionals in the industry to gain and hold readers' interest while providing insights into the concepts and skills related to customer service. The text begins with a macro view of what customer service involves today and provides projections for the future then focuses on specific skills and related topics. The sixth edition of Customer Service Skills for Success contains 10 chapters divided into three parts, plus the Appendix, Glossary, and Bibliography. These parts focus on different aspects of customer service: (1) The Profession, (2) Skills for Success, and (3) Building and Maintaining Relationships. Along with valuable ideas, guidance, and perspectives, readers will also encounter interviews of real-world service providers, case study scenarios and activities to help you apply concepts learned to real-world situations in order to challenge your thinking on the issues presented.

Packed with engaging examples and case studies from companies including Amazon, IBM, and Pepsi, as well as unique insights from sales professionals across the globe, this comprehensive textbook balances research, theory, and practice to guide students through the art and science of selling in a fast-changing and digital age. The text highlights the emerging role of storytelling, sales analytics and automation in a highly competitive and technological world, and includes exercises and role plays for students to practice as they learn about each stage of the selling process. As well as its focus on selling, the text also provides students with essential sales management skills such as onboarding, coaching, mentoring, and leading salespeople, as well as managing sales pipelines, territories, budgets, systems, and teams when not in the field. Online resources are included to help instructors teaching with the textbook, including PowerPoint slides and a testbank. Chapter overviews and teaching notes for the roleplays included in the text and suggested course projects and worksheets are also provided for instructors. Suitable for courses on selling and sales management at all college and university levels.

Annotation. This practical, real-world book presents the skills essential for success in customer service. It brings together a wealth of the best information from professional books and academic textbooks, and the authors broad consulting experience. Includes information on making optimum use of the Internet as a customer service professional. A clear, usable process is employed for developing the skills, attitudes, and thinking patterns needed to win customer satisfaction and loyalty. The process helps the reader develop: a heightened awareness of challenges and opportunities; tools for dealing with unhappy customers, using the power of customer expectations and creating loyalty; the ability to lead,

expand, and empower the service process.
