Abstaining from conventional narrative structure, Tulli's Dreams has been categorized as simply a "novel" by author, the ambiguous "prose-poem" by translator Bill Johnston, and the often gone to "postmodern" by many a critic.

of Central and Eastern Europe since the fall of communism. In sculpted, poetic prose reminiscent of Bruno Schulz, it tells the story of the emergence of a great city. In Tulli ' s hands myth, metaphor, history, and narrative are combined to magical effect. Dreams and Stones is about the growth of a city, and also about all cities; at the same time it is not about cities at all, but about how worlds are created, trans- formed, and lost through words alone. A stunning debut by one of Europe ' s finest new writers.

A single streetcar line runs around the sleepy square of an unnamed city. One day—out of nowhere—refugees pour from the streetcar and set up camp in the square. The residents grow hostile and eventually take extreme action. Magdalena Tulli's novels include Moving Parts, Dreams and Stones, and In Red. Dreams and Stones won Poland's Koscielski Foundation Prize in 1995, and Moving Parts was shortlisted for the 2002 NIKE Prize. Tulli lives in Warsaw. Bill Johnston is director of the Polish Studies Center at Indiana University. In 2005, he won an ASTEEL translation prize for Tulli's Dreams and Stones.

A feckless, comical narrator struggles against all odds to tell a story for which he is responsible, but which he neither controls nor understands. His characters multiply, repeat, and go astray; his employer pays no attention, asleep in a drunken stupor. The increasingly desperate narrator clammers over rooftops and through underground passages, watching helplessly as his characters reappear in different times and settings and start rival stories against his will. This brilliant, wryly humorous work tells of the sadness of the world and of the inadequate means that language and storytelling offer for describing and understanding it. Yet it does so in Tulli's characteristically clear, concrete, gorgeous prose. This extraordinary work, unique in both form and message, shows a European master at the height of her

powers and constitutes a major contribution to a new century of European literature. A wildly inventive page-turner.

By the Koscielski Prize-winning author of *Dream and Stones*, *In Red* is the gripping cautionary tale in which real and unreal combine explosively, making us question the nature of the work itself. Set in an imaginary fourth partition of Poland, *In Red* retraces the turbulent history of the Twentieth Century in a labyrinth of greed, inheritance, and entropy, enacting—word by tremulous word—the claustrophobia of a small town from which there seems to be no escape. Never have Tulli's trademark precision of language and her crystalline storytelling been put to such brilliant use.

"A feckless, comical narrator struggles against all odds to tell a story he neither controls nor understands; his characters multiply, go astray, and start rival stories of their own. The increasingly desperate narrator chases them through the streets, the underground, and across rooftops. How did Paris become the world favorite it is today? Charles Rearick argues that we can best understand Paris as several cities in one, each with its own history and its own imaginary shaped by dream and memory. Paris has long been at once a cosmopolitan City of Light and of modernity, a patchwork of time-resistant villages, a treasured heirloom, a hell for the disinherited, and a legendary pleasure dome. Each of these has played a part in making the enchanting, flawed city of our time. Focusing on the last century and a half, *Paris Dreams*, *Paris Memories* makes contemporary Paris

understandable. It tells of renewal projects radically transforming neighborhoods and of counter-measures taken to perpetuate the city's historic character and soul. It provides a historically grounded look at the troubled suburbs, barren of monuments and memories, a dumping ground for unwanted industries and people. Further, it tests long-standing characterizations of Paris's uniqueness through comparisons with such rivals as London and Berlin. *Paris Dreams, Paris Memories* shows that in myriad forms—buildings, monuments, festivities, and artistic portrayals—contemporary Paris gives new life to visions of the city long etched in Parisian imaginations.

"The originality of Tulli's writing is not lessened by representing a family tree that includes Michaux, Kafka, Calvino, and Saramago."?W.S. Merwin In this inventive novel, Magdalena Tulli creates a world that is unreal, yet strangely familiar and utterly convincing. Set in a mythical fourth partition of Poland, *In Red* is full of haunting descriptions of the town and its inhabitants; its power lies in Tulli's evocative, almost hallucinatory use of language. Magdalena Tulli's novels include *Dreams and Stones*, winner of Poland's Koscielski Foundation Award; *Moving Parts*, nominated for the 2007 International IMPAC Dublin Literary Award; and *Flaw*, shortlisted for the 2007 NIKE Literary Award. Tulli is also the translator of Marcel Proust and Italo Calvino into Polish.

When his twin brother dies in a car accident, Helmer is obliged to return to the small family farm. He resigns himself to taking over his brother's role and spending the rest of his days 'with his head under a cow'. After his old, worn-out father has been transferred upstairs, Helmer sets about furnishing the rest of the house according to his own minimal preferences. 'A double bed and a duvet', advises Ada, who lives next door, with a sly look. Then Riet appears, the woman once engaged to marry his twin. Could Riet and her son live with him for a while, on the farm?' *The Twin* is an ode to the platteland, the flat

and bleak Dutch countryside with its ditches and its cows and its endless grey skies. Ostensibly a novel about the countryside, as seen through the eyes of a farmer, 'The Twin' is, in the end, about the possibility or impossibility of taking life into one's own hands. It chronicles a way of life which has resisted modernity, is culturally apart, and yet riven with a kind of romantic longing. --This text refers to an out of print or unavailable edition of this title.
