Charger Instructions for Duracell High-Speed Chargers (ALL)

Put the Duracell NiMH batteries into each of the charging slots of the charger. Be sure only to use the correct size and type of batteries that the manual specifies for your particular charger. Plug the AC cable into an available wall outlet and then into the 12 V jack on top of the charger itself.

Duracell Battery Recharger Instructions

Duracell Quick Charger Instructions. The Duracell Quick Charger allows owners of rechargeable Duracell batteries the opportunity to bring their AAA and AA batteries back to life more expeditiously than a traditional battery charger. Rechargeable batteries of this size are an ideal choice for commonly used items, including flashlights, portable stereos, children's toys and wireless video game controllers that eat up batteries quickly.
