Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person

of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. THEY CALLED US ENEMY is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins

Takatake
cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

During World War II a community called Manzanar was hastily created in the high mountain desert country of California, east of the Sierras. Its purpose was to house thousands of Japanese American internees. One of the first families to arrive was the Wakatsukis, who were ordered to leave their fishing business in Long Beach and take with them only the belongings they could carry. For Jeanne Wakatsuki, a seven-year-old child, Manzanar became a way

of life in which she struggled and adapted, observed and grew. For her father it was essentially the end of his life. At age thirty-seven, Jeanne Wakatsuki Houston recalls life at Manzanar through the eyes of the child she was. She tells of her fear, confusion, and bewilderment as well as the dignity and great resourcefulness of people in oppressive and demeaning circumstances. Written with her husband, Jeanne delivers a powerful first-person account that reveals her search for the meaning of Manzanar. Farewell to Manzanar has become a staple of

speech. The right to worship, and to doubt. The right to be free from discrimination, and to hate. The right to marry and to divorce; to have children and to terminate a pregnancy. The right to life, and the right to own a gun. Rights are a sacred part of American identity. Yet they were an afterthought for the Framers, and early American courts rarely enforced them. Only as a result of the racial strife that exploded during the Civil War--and a series of resulting missteps by the Supreme Court--did rights gain such outsized power. The result is a

Bookmark File PDF

Economics Chapter 1 Test

system of legal absolutism that distorts our law and debases our politics. Over and over again, courts have treated rights conflicts as zero-sum games in which awarding rights to one side means denying rights to others. As eminent legal scholar Jamal Greene shows in *How Rights Went Wrong*, we need to recouple rights with justice--before they tear society apart.

This book traces the origins of the "illegal alien" in American law and society, explaining why and how illegal migration became the central problem in U.S. immigration policy—a process

That profoundly shaped ideas and practices about citizenship, race, and state authority in the twentieth century. Mae Ngai offers a close reading of the legal regime of restriction that commenced in the 1920s—its statutory architecture, judicial genealogies, administrative enforcement, differential treatment of European and non-European migrants, and long-term effects. She shows that immigration restriction, particularly national-origin and numerical quotas, remapped America both by creating new categories of racial difference and by emphasizing as never before

Commission on Wartime Relocation and Internment was established by act of Congress in 1980 to investigate the detention program. Over twenty days, it held hearings in cities across the country, particularly on the West Coast, with testimony from more than 750 witnesses: evacuees, former government officials, public figures, interested citizens, and historians and other professionals. It took steps to locate and to review the records of government action and to analyze contemporary writings and personal and historical accounts. The Commission's report is a
