in the Head: Shamanism and the Celtic Spirit

In 'The Song of Wandering Aengus' William Butler Yeats refers to the 'fire in the head' that characterises the visionary experience. Tom Cowan has pursued this theme in a lyrical cross-cultural exploration of shamanism and the Celtic imagin

Probably the oldest known spiritual discipline, shamanism is the timeless art of living in harmony with creation, providing a universal system to work with today, whatever our religion or spiritual affiliation may be. A reflection of a living tradition with a supremely practical approach to life, it teaches skills for living and ways to utilize latent abilities which we all possess. Celtic Shamanism derives from the native traditions of North-West Europe. The shamanic contribution of the Celts and their predecessors has been overlooked until recently, and is one of the last shamanic traditions to be explored. While it shares common elements with American, Australian and Siberian teachings, it derives entirely from Celtic source material. The Celtic Shaman offers a varied and easily followed plan of self-tuition for anyone interested in Celtic mythology and the

Western mysteries.

A dazzling work of personal travelogue and cultural criticism that ranges from the primitive to the postmodern in a quest for the promise and meaning of the psychedelic experience. While psychedelics of all sorts are demonized in America today, the visionary compounds found in plants are the spiritual sacraments of tribal cultures around the world. From the iboga of the Bwiti in Gabon, to the Mazatecs of Mexico, these plants are sacred because they awaken the mind to other levels of awareness--to a holographic vision of the universe. *Breaking Open the Head* is a passionate, multilayered, and sometimes rashly personal inquiry into this deep division. On one level, Daniel Pinchbeck tells the story of the encounters between the modern consciousness of the West and these sacramental substances, including such thinkers as Allen Ginsberg, Antonin Artaud, Walter Benjamin, and Terence McKenna, and a new underground of present-day ethnobotanists, chemists, psychonauts, and philosophers. It is also a scrupulous recording of the author's wide-ranging investigation with these outlaw compounds, including a thirty-hour tribal initiation in West Africa; an all-night encounter with the master shamans of the South American rain forest; and a report from a psychedelic utopia in the Black Rock Desert that is the Burning Man Festival. *Breaking Open the Head* is

brave participatory journalism at its best, a vivid account of psychic and intellectual experiences that opened doors in the wall of Western rationalism and completed Daniel Pinchbeck's personal transformation from a jaded Manhattan journalist to shamanic initiate and grateful citizen of the cosmos.

Take one part of the world's oldest spiritual system (shamanism), mix in one part of one of the world's most popular spiritual cultures (the Celts), and bring it up to date by blending in modern forms of shamanism. The result is one of the most amazing books you'll ever use, D. J. Conway's *By Oak, Ash, & Thorn*. This book is filled with information that can start you on a lifetime of study, practice, and spirituality. First, you'll learn about ancient and modern forms of shamanism. You'll discover the secrets of the three shamanic worlds, and how you can travel through these mysterious realms. You'll be shown how to communicate and deal with the entities and allies you meet there. You'll also learn about the tools that a shaman uses. The thing that makes this book unique is that it comes from the viewpoint of Celtic shamanism, and not some generalized form. As a result, the worlds are specifically Celtic in nature. The tools come from Celtic myth and lore. The fifty entities you meet are named and defined as the Faery Folk and their kin ? from the Bean sidhe (banshee) to the

Will o' the Wisp (a faery who appears at night in lonely places carrying a lantern to confuse travellers). Almost fifty more animal allies are listed and described. You will also learn the mysteries of the vision quest and how it applies and can be used by Celtic shamans. Before starting your journey you will take a test to determine your strengths and weaknesses as a potential shaman. Other topics include:

- Shamanic Healing - Soul Retrieval - Shape-shifting - Invisibility - Divination with stones, the omen stick and the Ogam alphabet - Pathworking through the three shamanic worlds - Different forms of Celtic magic - Herbs

This only begins to hint at everything that you can learn from this book. Get your copy today.

Christian F. Brunner, author of several books on pagan spirituality in the Alps, has practiced ancient healing methods for over twenty years. He is also a Druid in the Order of Bards, Ovates and Druids, contributing regularly to the Order's monthly magazine, "Touchstone." The author invites you to take a stroll with him through his beloved Alps, where myths and folk customs still sing of the people who lived there in antiquity, the Celts. Caitlin Matthews says about the book: "This is a wonderful book. The Alpine and Mountain traditions preserve so much lore and practice "

When ancient gods ruled and Druids kept Faith alive, the Celts thrived as a democratic, matriarchal society. Then savage Roman soldiers swept across Europe, killing and enslaving. The Celts did not succumb without a fight. Their Old Ways survived centuries of ruthless domain until another menace loomed: a tortured god worshiped in cold stone buildings. The sacred shores of Avalon began to drift away, the mists threatened to hide the island from mortal eyes forever. Against the bleak backdrop of war, the gorgeous Scottish Highlands stood tall, sheltering its inhabitants from greedy invaders. Yet the reach of the eagle banners was long and the highlanders turned to the Goddess for protection. However, the sacred groves felt silent and grim as Avalon faded away. Once sad, pealing bells began to sound strangely comforting while the high walls of monasteries offered an alluring barrier from violence. Caught in the middle of this centuries-old war, a young High Priestess might be Avalon's last chance. Wise beyond her years and powerful like no other Priestess in her lifetime, Rowen had served the Goddess faithfully, forsaking her family and the company of her soulmate. When the Lady of the Lake asks for another sacrifice, it might be one too many for her scarred heart. How could she obey the Goddess without betraying Caddaric? Could she trust Eochaid, who embodied everything she despised and hated? Would she be able to fulfill her duties without losing her soul? Caddaric had been Rowen's

# Download Ebook Fire In The Head Shamanism And Celtic Spirit

## Tom Cowan

companion in countless lives; but, now, they existed in different realms. Beautiful Rowen lived in the mortal world while sweet Caddaric remained in the sacred isle of Avalon, watching over her. Could he step aside to allow another man - a flesh and blood man - to become her protector? Eochaid had sworn to protect the Old Ways. The rude warrior never quite understood his faith yet his loyal heart belonged to the Goddess. A gorgeous, fiery High Priestess was not in his plans. He would risk his life to protect Rowen; but, would the Goddess safeguard his heart? Could he defend the bewitching maiden from himself? When stakes were so high that a simple mistake could cost their very world, a priestess, a Druid, and a warrior must learn to trust one another and the mysterious ways of the Goddess. Their success would save Avalon. Their failure would tear the island from the human realm forever, condemning it to oblivion. Failure was not an option. This is a standalone, historical/paranormal romance. Its mature themes - sexual violence, religion, and pagan rituals - might not be appropriate for audiences under 18.

Throughout the ages, shamans and mystics have recognized that all created things share some level of consciousness, and that the ordinary and non-ordinary realities interact. This book by a well-known Celtic-American shaman explores those interactions and

interconnected pathways, looking at the interdependence of our material life with our inner life and that of nature. Each chapter is a small window into the mysteries of nature and soul as they infuse daily life. Cowan draws on the teachings of medieval mystics, fairy legends, Celtic songs, present-day poets and seekers, and Native American stories. From these strands, he weaves a Celtic knot of Spirit, beautiful and strong.

Simply use the checklist to tick off the training content completed and record other information such as: Name of Company, Date of Training, Time of Training, Course, Tutor, Employee Names, Division, Staff Identification and Signature. Size: 6 x 9 Easy to use, handy and convenient

Where does a fire escape lead? Can it really save lives? Is it, in fact, a way out of danger? These questions are at the heart of the 17 episodes in *The Fire Escape Stories, Volume II*, a coming-of-age collection set in the early 1960s that builds upon the nine tales in *The Fire Escape Stories, Volume I*, which are set in the 1950s. In

Volume I, cousins Sally-Boy Boccanera and Mike Burns, are born one-minute apart on the same day in the same Brooklyn Hospital in 1948. The fire escape is the safe shared space where the two youths talk, play, and try to understand the world that is emerging. In Volume II, the fire escape transforms into a different space. It is where teenagers Sally-Boy and Mike share stolen beers, swap stories, take girls, and confront one another. In Volume II, life starts to change significantly for the boys. Decisions become more difficult and potentially serious consequences loom over every choice. Though the fire escape remains a sanctuary of sorts, as the boys grow and their paths threaten to diverge, the question begins to loom: Can the fire escape provide all the safety and answers they need? Slowly, the boys see distinctly different worlds emerging. Sometimes together, and at other times on their own, they confront the emotional confusion of adolescence and grapple with their choices, decisions, and directions. Other people enter the boys' lives, impacting their closeness to one another and posing challenges for them to consider...for better or for worse. Along the way, the boys experience laughter, sorrow, and change...and each realizes he must make a life-altering decision: Does he take the fire escape? Or does he choose a different route?

After five years, Vanity Rodriquez, new restaurateur, was finally

# Download Ebook Fire In The Head Shamanism And Celtic Spirit

## Tom Cowan

moving on with her life. The unexpected inheritance of St. Christopher's Italian Restaurant caused a dramatic change in her career but it made her one of the top up and coming restaurateurs in the country. Vanity relocated to California to put her divorce from Winston and the death of her soul mate, Dexter McKnight behind her. At her first grand opening of St. Christopher's in Los Angeles, she met Grant Parker, a coastal engineer from Rancho Cordova. Originally from Jamaica, he had a dark rough exterior but when put in a tailored suit, he was a clean cut Versace top model - definitely her style. Their attraction was almost instant and after a few months they were unquestionably an item. Life was good and normalcy was starting to be the norm for Vanity. The dreams she had at night of sexual encounters with Dexter were starting to subside and intimacy with her new boyfriend felt real. A year into the relationship with Grant, at the San Francisco opening, all of what she had come to know as life back to normal was over. Her dreams were no longer successions of images, ideas, emotions, and sensations that occurred involuntarily in her mind during sleep...they were real.
