Trend following trading systems are extremely complex. You should have a Ph.D. in physics or mathematics. If you don't have this, you are better off buying a system from an author or blogger. A few thousand bucks should do it. The entry and exit rules are critical. Spend all your time developing the exact entry and exit criteria.

Launch Your Next Venture. Last year we wrote a report where we predicted that there will be multiple indoor plant businesses started in the next few years.. We saw signals that the indoor plant industry could take off like the mattress industry of 2010... meaning many new competitors (like Casper) would pop up soon.. One of our members took that report and decided to launch an indoor plant ...
