Big Data is made up of lots of little data: numbers entered into cell phones, addresses entered into GPS devices, visits to websites, and any other activity that leaves a digital trail. Never before has it been easier to collect so much daily data about ourselves. In this BIT, Nathan Eagle and Kate Greene explore the ways in which an individual's data can be collected and logged -- from a tacit, everyday interaction with a mobile phone to more purposeful digital announcements like status updates -- and the privacy considerations that individuals, entrepreneurs, and big businesses

Winner of the 2015 Running Awards, voted Best Book 2015. In October 2012, over 1000 people applied to take part in a university research study to assess how normal, recreationally active people cope with the demands of training for their first IRON distance triathlon a 3.8km swim, followed by 180km of cycling and finishing with the mere matter of a 42.2km marathon run. This book is a collection of the tales from the people within the team affectionately known as the HURTS team, an acronym for ' Hertfordshire University Research Triathlon Study ' . Their individual goal was to inspire

others to dream big and to live out those dreams, whether it be a triathlon or not. However, as a cohort, they wished to raise awareness and funds to help find a cure for Duchenne Muscular Dystrophy, a debilitating and fatal disorder. Their collective goal was to support Harrison 's Fund, set up in 2012 to support breakthrough research leading to positive interventions and ultimately a cure for muscular dystrophy worldwide.

Triathlon – It HURTS is an inspiring story of what normal people can achieve when challenged. This book will appeal to those looking to learn more about the successes and harsh realities of training for a triathlon, as well as those who want an uplifting story of human

Spain is on the brink of economic collapse and European banks demand that any bailout be linked to harsh domestic changes. An alliance of Islamic bankers counters with a rescue package containing no conditions at all. The underlying goal: to break the unity of Europe and put Madrid on the path back to Islamic rule. When the United States stridently opposes that deal, terrorists storm the American consulate in Barcelona and slaughter an entire six-man U.S. Marine security guard. Washington decides the time has

come to change the rules of counter-terrorism response, and instead of going after the individual hired gunmen, it unleashes black operations team Task Force Trident to take down the high-ranking financiers known as the Group of Six who were really responsible for the slaughter. Gunnery Sergeant Kyle Swanson, one of the world's best snipers, and his beautiful sidekick Beth Ledford, go on the attack, and bodies fall from Mallorca to Madrid. Meanwhile, Algerian mastermind Yanis Rebiane puts pressure on Spain to decide before the Group of Six cracks, while his killing-machine son, Djahid roams the United States, murdering anyone his father deems a threat to the radical Islamic takeover
