Handle on the hood of the engine compartment. The hood of
the engine compartment is unlocked from the driver's seat
(Fig. 1.51). Before you open the hood, make sure the wiper
arms are pressed against the windscreen, this may damage
the paintwork. Pull the handle on the hood of the engine
compartment under the front panel in the direction of the
arrow - the hood a few rise by the spring.

Belt: A small belt provides the same connection to the water pump, the power steering pump, the alternator, and the A/C compressor. All these components together provide power to the accessory systems of the car. **Battery:** The battery under the hood is usually found at some corner of the engine compartment. It is composed of plastic and is in the shape of a rectangular box.

~~What Can You Find In The Engine Compartment | My engine check~~

There is a loop of cable that goes from the engine compartment latch to an area underneath the left rear tail light. Pulling on this cable will open the engine compartment. To open the engine compartment, you need to: 1) Use the paint stir stick to gently pry up the left rear tail light slightly.
