Mentre i suoi amici lottano con le insidie di una normale vita da adolescente, Anna K. sembra sempre essere in grado di avanzare con grazia al di sopra di

tutto. Cioè... fino alla notte in cui incontra Alexia Vronsky, detto il Conte, alla Grand Central Station di New York. Alexia – un famigerato playboy scansafatiche che ama vivere solo per il proprio piacere – è tutto ciò che Anna non è. Ma hanno una cosa in comune: non sono mai stati innamorati, o almeno fino a quando non s'incontrano per la prima volta. Mentre sono irresistibilmente attratti l'uno dall'altra, Anna deve decidere quanto della sua vita è disposta a sacrificare per avere la possibilità di frequentarlo. Essere infatti la beniamina dell'alta società di Manhattan significa una vita di lusso e privilegi, ma anche di regole ferree e imprescindibili: più si è in alto più la caduta è rovinosa. Anna è costretta a chiedersi se ha mai conosciuto veramente sé stessa mentre era impegnata a soddisfare le aspettative di chi la circonda, e quanto sia caro il prezzo da pagare per vivere il suo grande amore. Sorprendentemente sfarzoso e avvincente, Anna K. Una love story è una brillante rivisitazione dell'intramontabile storia d'amore di Lev Tolstoj, Anna Karenina, ma soprattutto è un romanzo sull'esperienza vertiginosa, gloriosa e mozzafiato del primo amore e del primo batticuore.

It has, improbably, been called uncommonly lucid, even riveting by The New York Times, and it was a finalist for the 2004 National Book Awards nonfiction honor. It is a literally chilling read, especially in its minute-by-minute description of the events of the morning of 9/11 inside the Twin Towers. It is The 9/11 Commission Report, which was, before its publication, perhaps one of the most anticipated government reports of all time, and has been since an unlikely bestseller. The official statement by the National Commission on Terrorist Attacks Upon the United States—which was instituted in late 2002 and chaired by former New Jersey Governor Thomas Kean—it details what went wrong on that day (such as intelligence failures), what went right (the heroic response of emergency services and self-organizing civilians), and how to avert similar future attacks. Highlighting evidence from the day, from airport surveillance footage of the terrorists to phone calls from the doomed flights, and offering details that have otherwise gone unheard, this is an astonishing firsthand document of contemporary history. While controversial in parts—it has been criticized for failing to include testimony from key individuals, and it completely omits any mention of the mysterious collapse of WTC 7—it is nevertheless an essential record of one of the most transformational events of modern times.

One of the outstanding problems of the biologist, whether he be beginning student or specialists, is that of understanding technical terms. The best way to understand and remember technical terms is to understand first their component parts, or roots. This dictionary has been designed primarily to meet the needs of the beginning student, the medical student, and the taxonomist, but it should be of value to all biologists.

In response to a recent surge of interest in Native American history, culture, and lore, Hippocrene brings you a concise and straightforward dictionary of the Navajo tongue. The dictionary is designed to aid Navajos learning English as well as English speakers interested in acquiring knowledge of Navajo. The largest of all the Native American tribes, the Navajo number about 125,000 and live mostly on reservations in Arizona, New Mexico, and Utah. Over 9,000 entries; A detailed section on Navajo pronunciation; A comprehensive, modern vocabulary; Useful, everyday expressions.

Laudato Si 'is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and

women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because its end is also ours.

Cover crops slow erosion, improve soil, smother weeds, enhance nutrient and moisture availability, help control many pests and bring a host of other benefits to your farm. At the same time, they can reduce costs, increase profits and even create new sources of income. You'll reap dividends on your cover crop investments for years, since their benefits accumulate over the long term. This book will help you find which ones are right for you. Captures farmer and other research results from the past ten years. The authors verified the info. from the 2nd ed., added new results and updated farmer profiles and research data, and added 2 chap. Includes maps and charts, detailed narratives about individual cover crop species, and chap. about aspects of cover cropping.
