"Cloud City Cook-Book" by Mrs. William H. Nash. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Presidency in the Era of 24-Hour News examines how changes in the news media since the golden age of television—when three major networks held a near monopoly on the news people saw in the United States—have altered the way presidents communicate with the public and garner popular support. How did Bill Clinton manage to maintain high approval ratings during the Monica Lewinsky scandal? Why has the Iraq war mired George Bush in the lowest approval ratings of his presidency? Jeffrey Cohen reveals how the decline of government regulation and the growth of Internet and cable news outlets have made news organizations more competitive, resulting in decreased coverage of the president in the traditional news media and an increasingly negative tone in the coverage that does occur. He traces the dwindling of public trust in the news and shows how people pay less attention to it than they once did. Cohen argues that the news media's influence over public opinion has decreased considerably as a result, and so has the president's ability to influence the public through the news media. This has prompted a sea change in presidential leadership style. Engaging the public less to mobilize broad support, presidents increasingly cultivate special-interest groups that often already back the White House's agenda. This book carries far-reaching implications for the future of presidential governance and American democracy in the era of new media.

First published by The Equal Franchise Federation of Western Pennsylvania in 1915.

Here's the most clinically oriented critical care text focusing on the adult patient. In full-color and superbly illustrated with

clinical photographs, imaging studies, and management algorithms, and with a broad multidisciplinary focus, this text will help you enhance your skills at any level of training. Stands alone as a clinically oriented comprehensive reference. Completely updated and authorship expanded to reflect the evolution in critical care practice. In color for the first time, with new color schematics and treatment algorithms for greater ease of reference. Utilizes key points lists at the end of chapter, to help you make decisions rapidly and easily. Delivers key references that list other useful resources for information. Learn from the best ICU specialists worldwide with contributions from an increased number of international authorities. Effectively manage common complications in the ICU with updated coverage of severe sepsis, septic shock, surgical infections, neurogenic and anaphylactic shock, severe heart failure, acute coronary syndromes, and Acute Respiratory Distress Syndrome. Access the complete contents online at Expert Consult, along with an image bank and instructional videos!

From New York Times bestselling author of *Lead From The Outside* and political leader Stacey Abrams, a blueprint to end voter suppression, empower our citizens, and take back our country. "With each page, she inspires and empowers us to create systems that reflect a world in which all voices are heard and all people believe and feel that they matter." —Kerry Washington A recognized expert on fair voting and civic engagement, Abrams chronicles a chilling account of how the right to vote and the principle of democracy have been and continue to be under attack. Abrams would have been the first African American woman governor, but experienced these effects firsthand, despite running the most innovative race in modern politics as the Democratic nominee in Georgia. Abrams didn't win, but she has not conceded. The book compellingly argues for the importance of robust voter protections, an elevation of identity politics, engagement in the census, and a return to moral international leadership. *Our Time Is Now* draws on extensive research from national organizations and renowned scholars, as well as anecdotes from her life and others' who have fought throughout our country's history for the power to be heard. The stakes could not be higher. Here are concrete solutions and inspiration to stand up for who we are now. "This is a narrative that describes the urgency that compels me and millions more to push for a different American story than the one being told today. It's a story that is one part danger, one part action, and all true. It's a story about how and why we fight for our democracy and win." —Stacey Abrams

For nearly 40 years, *Oh's Intensive Care Manual* has been the quick reference of choice for ICU physicians at all levels of experience. The revised 8th edition maintains this tradition of excellence, providing fast access to practical information needed every day in today's intensive care unit. This bestselling manual covers all aspects of intensive care in sufficient detail for daily practice while keeping you up to date with the latest innovations in the field. Short, to-the-point chapters distill the essential information you need to know for safe, effective care of patients in the ICU. Each topic includes theoretical knowledge, practical methods of treating the condition described, a review of the available evidence, and common pitfalls in treatment and management. Ideal for daily quick reference as well as an efficient review for professional examinations in critical care medicine.
