Magicians of the Gods (2015) - Graham Hancock Official Website

Magicians of the Gods is an eye opener and an amazing read. I found Graham Hancock while perusing YouTube one day, listened to him for about 30 minutes and just had to buy his books. Keep an open mind if you decide to read this book, and I do recommend it-- more so if you are fascinated by the ancient world.

Magicians of the Gods: Sequel to the International ...

Magicians is about, what Hancock calls, the lost global civilization that was wiped out by a flood in the Younger Dryas due to a comet impact in the ice caps in North America 10,800 BCE (c). BOOK REVIEW: Magicians of the Gods - Washington Times

Old Gods. "The Old Gods, the creators of the universe, of all magic itself. To Ember, we're like toys, but to them we're- we're cells. When we're harmless they ignore us, but when we become malignant, they amputate." ? Alice Quinn [src] The Old Gods are beings of thought and energy who created magic and the universe.

Old Gods | The Magicians Wiki | Fandom

Deities, more commonly referred to as gods, are beings of immense magical power who operate on a level far above most magicians and magical creatures. The Old Gods are the primordial entities that are responsible for the creation of the universe, magic, life and reality itself, as well as the 'parents' of the modern deities of mythology. Alice stated that to the modern gods of myth, humans are like toys, but to the Old Gods, they're like cells in a body.
