But in the 1820s, thanks to the invention of steam-powered presses, books became cheaper to produce and increasingly they were designed to communicate the contents and to be seen face-up on a table instead of spine-out on a shelf.

What do medieval Icelanders mean when they say *ǫtrolli*? What did they see when

they saw a troll? What did the troll signify to them? And why did they see them? The principal subject of this book is the Norse idea of the troll, which the author uses to engage with the larger topic of paranormal experiences in the medieval North. The texts under study are from 13th-, 14th-, and 15th-century Iceland. The focus of the book is on the ways in which paranormal experiences are related and defined in these texts and how those definitions have framed and continue to frame scholarly interpretations of the paranormal. The book is partitioned into numerous brief chapters, each with its own theme. In each case the author is not least concerned with how the paranormal functions within medieval society and in the minds of the individuals who encounter and experience it and go on to narrate these experiences through intermediaries. The author connects the paranormal encounter closely with fears and these fears are intertwined with various aspects of the human experience including gender, family ties, and death. *The Troll Inside You* hovers over the boundaries of scholarship and literature. Its aim is to prick and provoke but above all to challenge its audience to reconsider some of their preconceived ideas about the medieval past.

THE ARTIST. Vincent van Gogh is considered one of the world's greatest painters, his work having had a huge and far-reaching influence on 20th-century art as well as remaining visually and emotionally powerful to this day. In a letter to his sister Wilhemina, van Gogh wrote: 'Often it seems to me night is even more richly coloured than day.' In this night painting, the sky is Prussian blue, ultramarine and cobalt, with sparkling yellow gaslights and stars. The spot depicted is in Arles, close to the Yellow House he famously rented. THE FINAL WORD. As William Morris said, Have nothing in your houses that you do not know to be useful, or believe to be beautiful.
