SOA Suite 12c provides the option to use the Integrated WebLogicServer in JDeveloper as the development run time environment. It comes prepackaged, installs very easily and gets a developer up and running in less than 20-30 minutes. As part of this light (er) weight SOA Suite run time, there is an MDS Repository (file based).

Oracle SOA Suite 11g Handbook is thick pile of paper with well thought and organized content. This book isn't full blown "explain it all" with 100 pages of installation instructions (they are as extras in internet) and way too much pictures (they are also in internet), but it's more of excellently distilled and well balanced textbook which has good mixture of theory and practical product ...
