A colorful and revealing portrait of the rise of India ' s new billionaire class in a radically unequal society India is the world ' s largest democracy, with more than one billion people and an economy expanding faster than China ' s. But the rewards of this growth have been far from evenly shared, and the country ' s top 1% now own nearly 60% of its wealth. In megacities like Mumbai, where half the population live in slums, the extraordinary riches of India ' s new dynasties echo the Vanderbilts and Rockefellers of America's Gilded Age, funneling profits from huge conglomerates into lifestyles of conspicuous consumption. James Crabtree ' s The Billionaire Raj takes readers on a personal journey to meet these reclusive billionaires, fugitive tycoons, and shadowy political power brokers. From the sky terrace of the world ' s most expensive home to impoverished villages and mass political rallies, Crabtree dramatizes the battle between crony capitalists and economic reformers, revealing a tense struggle between equality and privilege playing out against a combustible backdrop of aspiration, class, and caste. The Billionaire Raj is a vivid account of a divided society on the cusp of transformation—and a struggle that will shape not just India ' s future, but the world ' s.

<p>Petition for divorce...denied! Diana Taylor's marriage to playboy Coburn Grant was short, passionate and blazed brightly until the reality of their different worlds set in. Now, years later, Coburn has finally agreed to a divorce. Except one last pleasurable night together seals their fate—with a baby! Diana knows Coburn will never sign the papers now—he will have his wife and child. And, whisked away to a tropical island paradise, it's increasingly difficult to ignore their primal hunger for each other. With his legacy growing inside her, can Diana deny the one man she could never resist?</p>

An enthralling account of the storied lives of the father and son media moguls—publishers, philanthropists, and founder of TV Guide and Seventeen. From the bestselling author of Life of the Party: The Biography of Pamela Digby Churchill Hayward Harriman comes a multi-generational saga of one of America ' s wealthiest and most controversial families—the Annenbergs. " In this engaging double biography, Ogden recounts in rich detail how immigrant Moses Annenberg enacted a rags-to-riches ascent worthy of a Horatio Alger novel . . . in chronicling Walter ' s rise to the top, Ogden does more than reveal a curious melding of financial shrewdness and aesthetic sensitivity: he also limns the contours of power and privilege in late-twentieth-century America " (Booklist). " Like medieval princes, media moguls Moses (Moe) and son Walter Annenberg achieved great victories, suffered crushing losses, and exhibited astonishing generosity and vindictiveness . . . Walter ' s life has been an attempt to erase the stigma left by his father, a charismatic yet bruising publisher of conservative instincts who made his fortune primarily through the Daily Racing Form and the General News Bureau . . . An enthralling account of how one American family mixed pride, power, and politics in often startling ways. " —Kirkus Reviews " How elegantly Christopher Ogden has told the fascinating tale of the billionaire philanthropist Walter Annenberg ' s love for his father, Moses Annenberg, whose prison sentence brought shame and embarrassment to his family. I found myself deeply moved by Annenberg ' s lifelong devotion to overcoming that black mark. It is a story of enormous success. What a great pleasure to read about the good rich, who understand the obligations of being rich. " —Dominick Dunne

Nicole Corisi will lose her inheritance if she doesn't find a way around the terms of her father's will, but she will have to partner up with her estranged brother's rival to do it. As pretense becomes painfully real, Nicole will have to choose between Stephan and the family he is driven to destroy.

A Wall Street Journal Business Bestseller "Vivid, carefully reported drama that readers will gulp down as if it were a fast-paced novel" (Ken Auletta) The inside story of WeWork and its CEO, Adam Neumann, which tells the remarkable saga of one of the most audacious, and improbable, rises and falls in American business history In its earliest days, WeWork promised the impossible: to make the American work place cool. Adam Neumann, an immigrant determined to make his fortune in the United States, landed on the idea of repurposing surplus New York office space for the burgeoning freelance class. Over the course of ten years, WeWork attracted billions of dollars from some of the most sought-after investors in the world, while spending it to build a global real estate empire that he insisted was much more than that: an organization that aspired to nothing less than "elevating the world's consciousness." Moving between New York real estate, Silicon Valley venture capital, and the very specific force field of spirituality and ambition erected by Adam Neumann himself, Billion Dollar Loser lays bare the internal drama inside WeWork. Based on more than two hundred interviews, this book chronicles the breakneck speed at which WeWork's CEO built and grew his company along with Neumann's relationship to a world of investors, including Masayoshi Son of Softbank, who fueled its chaotic expansion into everything from apartment buildings to elementary schools. Culminating in a day-by-day account of the five weeks leading up to WeWork's botched IPO and Neumann's dramatic ouster, Wiedeman exposes the story of the company's desperate attempt to secure the funding it needed in the final moments of a decade defined by excess. Billion Dollar Loser is the first book to indelibly capture the highly leveraged, all-blue-sky world of American business in President Trump's first term, and also offers a sober reckoning with its fallout as a new era begins.

Just as WASPs, Irish-Catholics and Our Crowd Jews once made the ascent from immigrants to powerbrokers, it is now the Indian-American's turn. Citigroup, PepsiCo and Mastercard are just a handful of the Fortune 500 companies led by a group known as the "Twice Blessed." Yet little is known about how these Indian emigres (and children of emigres) rose through the ranks. Until now... The collapse of the Galleon Group—a hedge fund that managed more than \$7 billion in assets—from criminal charges of insider trading was a sensational case that pitted prosecutor Preet Bharara, himself the son of Indian immigrants, against the best and brightest of the South Asian business community. At the center of the case was self-described King of Kings, Galleon's founder Raj Rajaratnam, a Sri-Lankan-born, Wharton-educated billionaire. But the most shocking allegation was that the é minence grise of Indian business, Rajat Gupta, was Rajaratnam's accomplice and mole. If not for Gupta's nose-to-the-grindstone rise to head up McKinsey & Co and a position on the Goldman Sachs board, men like Rajaratnam would have never made it to the top of America's moneyed elite. Author Anita Raghavan criss-crosses the globe from Wall Street boardrooms to Delhi's Indian Institute of Technology as she uncovers the secrets of this subculture—an incredible tale of triumph, temptation and tragedy.

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world ' s wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed " Insider-only " tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.
