In this book, realistic examples show both the situations where threading is valuable and the ways to use threads to improve the modularity and efficiency of a program. The author takes the user behind the scenes to show them how threads work, where to expect problems, and what performance issues exist. Chapters on DCE, real-time, and multiprocessing are included.

This compelling novel follows four women as they learn to balance children, estranged husbands, boyfriends, and problems at work through their faith in God. Michelle, Tonya, Mrs. Judson, and Miz Ida. African-American, white, rich, poor -- they seemingly have nothing in common. Yet every day they face the complex realities of twenty-first-century urban life as they try to balance their needs with their belief in God. Through the course of a year, these women must come to terms with the past, discover their true identities, and recognize the unexpected miracles that reveal God's all-encompassing love. These four women entertain us and invite us to join in their lives. As they welcome us, they also introduce us to the men in their lives. The men play supporting roles, adding color and zest to the lives of the Cover Girls. Bishop Jakes knows the struggles real women encounter and the losses that make it difficult to face the future. He brings compassionate insight and deep wisdom to this novel and proves that he is not only a gifted preacher, but a born storyteller.

An engaging tale – written in verse – about a handsome African Grey Parrot, Nebuchadnezzar the Third, and his unlikely playmate, Belinda – a bright and busy bee. Nebuchadnezzar lives in the deep jungles of Africa and comes to rich and colourful life when he takes to the air, showing off his splendid plumage as he swoops and dives with his fellow fliers. But every young creature needs a playmate and some fun, and this is where Belinda the Bee comes in. She's Nebuchadnezzar's good friend, and after a day's work they join together to play jungle hide-and-seek. Lots of laughs and giggles later, they settle down for a good night's sleep. Claire Norden's now familiar style of illustration is cheerful and bright, and holds great appeal for young readers.

Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

When her father falls into a coma, Indian American photographer Sonya reluctantly returns to the family she'd fled years before. But as these women come

Buried secrets rise to the surface as their father--the victim of humiliating racism and perpetrator of horrible violence--remains unconscious. As his condition worsens, the daughters and their mother wrestle with private hopes for his survival or death, as well as their own demons and buried secrets. Told with forceful honesty, *Trail of Broken Wings* reveals the burden of shame and secrets, the toxicity of cruelty and aggression, and the exquisite, liberating power of speaking and owning truth.
