Spencerian penmanship is considered the pinnacle of classic handwriting and cursive--now a lost art. Offering a bind up of 6 books in 1, this hands-on guide is the only all-in-one edition of L.P. Spencer's theory and practice workbooks for learning and practicing perfect lettering.

This set contains the copybooks 1-5 only. These are used to practice cursive writing for second or third graders or to improve the handwriting of older students or adults. To be used with the Theory of Spencerian Penmanship.

This copybook introduces all the short letters. Only four strokes, or principles, as Spencer called them, are needed to product these letters.

This early work is both expensive and hard to find in its first edition. It comprises a series of self-teaching lessons in rapid, plain, unshaded, coarse-pen, muscular movement writing for use in all schools, public or private, where an easy and legible handwriting is the object sought. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Practice makes perfect! It's no secret that improving your Spencerian penmanship requires practice. Unfortunately, Platt Rogers Spencer published less than 30 Spencerian practice sentences. That's why this helpful workbook offers over 180 pages of all-new phrases and sentences for you to refine your lettering. Across the top of each page is carefully composed Spencerian lettering by penman Schin Loong. Below the sample sentence is line after line of practice space where you can master your letter height, width, spacing, stroke weight and more. The pages are even perforated so it is easy for you to tear them out and practice on a perfectly at surface. But this book contains no ordinary words--they are the immortal phrases from the Declaration of Independence that define freedom and liberty, such as "We hold these truths to be self evident that all men are created equal."

A thorough guide to making your cursive writing efficient, legible, and expressive.
