A Dangerous Destiny Some of the survivors are different, powerful. Their bloodlines have been brought together in this time and place to create safety for the remnants of all societies. Fated to lead and rebuild, these magnetic women and men are now the most valuable commodity in the apocalyptic wastelands. Nuclear war devastated the world just days before Christmas. All governments went underground, leaving their citizens to fend for themselves. The desperate normals who barely managed to stay alive must now make a choice. Do they join the strange, dangerous survivors in forming a more perfect union or do they kill every last one of them? One choice will save the world. The other will finish burying it under the nuclear ashes. Book One centers

around the first group of chosen people who find each other amid the relics of America. Brought together by a man with many secrets, they struggle to adapt to an ever-changing new world while trying to build the first post-war safe haven for humanity. This is Safe Haven “We offer food, shelter, and protection to all survivors. Does anyone copy? ...hello? Is anyone alive out there?” The end of the world has given humanity a harsh, merciless existence, where nature tries hard to push us to the very brink of extinction. Everything is against us, between us. Untold miles of lawless, apocalyptic roads wait for our feet, and the future, cold and dark, offers little comfort. Without change, there can be no peace—only survivors. This file contains books 1-3 of the Life After War series: · The Survivors (Book 1) · Adrian’s Eagles (Book 2) · Nuclear Ashes (Book 3)

Are you tired of people knowing who you are but no one really knowing you? As the star of the twentieth season of The Bachelor, Ben Higgins looked like he had it all together. Instead, Ben felt dissatisfied, fearful, and deeply alone. Like so many of us, he thought of himself as the kid who never got picked for the game, the person always on the outside of the joke, the friend who knew a lot of people but was never truly known. He wondered if he mattered at all. In *Alone in Plain Sight*, Ben vulnerably shares how he found authentic connection with himself, with others, and with God. As Ben helps us name our own yearning for meaning, he explores ways to understand ourselves
