The Rest of Her Life is much more formulaic, more like a Jodi Picoult novel, with a sad problem revolving around human dynamics. Kara, a young girl about to graduate from high school, accidentally hits and kills a pedestrian. The book centers on Kara and her family and friends and their attempts to come to terms with what happened.

The Rest of Her Life Analysis. 1242 Words5 Pages. Using the murder of Dee Ann’s mother as a means to intertwine the lives of the characters together, Steve Yarbrough examines the nature of relationships in “The Rest of Her Life.”. The relationships in the story take a turn after Dee Ann’s mother is killed, with characters seeking to act more on their own, creating distance between many relationships throughout the story.

7 Responses to “San Francisco’s Diane di Prima is dead at 86: she decided to be a poet at 14, and wrote every day for the rest of her life.” richard e aaron Says: October 26th, 2020 at 7:33 am. So very saddened. I published a short work of hers on H.D. and audited over a 100 of her hidden religions tapes - she was a wonder!

A mother can’t protect her daughter from everything ... “She killed someone”, Leigh thought. She might think this from now on, every time she saw her daughter. She would hide it, but it would be there in her mind. It would be in everyone’s mind. When Leigh was growing up she had always known she would be a mother, and not just any mother, but a good one. She would be the kind of mother a daughter could come to for advice or understanding. She’d had it all planned out ... Then one summer’s day, when driving home from school, eighteen year-old Kara Churchill tragically knocks down a classmate and kills her. The accident shatters the already fragile relationship that she and her mother Leigh share - testing it to the very limit. As the Churchills try and come to terms with the devastation of what has happened under the judgmental eye of the small-town Hazelton community, Kara begins to face up to the terrifying reality that she has killed someone. But will Leigh be able to protect her fiercely independent daughter, or will the damage prove to be too far-reaching? The Rest of Her Life is the story of a family plunged into a crisis that will irrevocably change their lives forever. It’s about the true nature of mother-daughter relationships, and about how far you would go to protect everything you hold dear.

Back in 1984, a rebellious,17-year-old, punked-out Ulli Lust set out for a wild hitchhiking trip across Italy, from Naples through Verona and Rome and ending up in Sicily. Twenty-five years later, this talented Austrian cartoonist has looked back at that tumultuous summer and delivered a long, dense, sensitive,and minutely observed autobiographical masterpiece.

From one of our boldest, most celebrated new literary voices, a novel about a young woman's efforts to duck the ills of the world by embarking on an extended hibernation with the help of one of the worst psychiatrists in the annals of literature and the battery of medicines she prescribes Our narrator should be happy, shouldn't she? She's young, thin, pretty, a recent Columbia graduate, works an easy job at a hip art gallery, lives in an apartment on the Upper East Side of Manhattan paid for, like the rest of her needs, by her inheritance. But there is a dark and vacuous hole in her heart, and it isn't just the loss of her parents, or the way her Wall Street boyfriend treats her, or her sadomasochistic relationship with her best friend, Reva. It's the year 2000 in a city aglitter with wealth and possibility; what could be so terribly wrong? My Year of Rest and Relaxation is a powerful answer to that question. Through the story of a year spent under the influence of a truly mad combination of drugs designed to heal our heroine from her alienation from this world, Moshfegh shows us how reasonable, even necessary, alienation can be. Both tender and blackly funny, merciless and compassionate, it is a showcase for the gifts of one of our major writers working at the height of her powers.

Jane Pauley, “America’s baby boomer” (Tom Brokaw) and the new anchor of CBS Sunday Morning, offers an inspirational guidebook “chockablock with keen insights for career transitions” (USA TODAY). In 2014, every baby boomer will have reached the milestone age of fifty. For most, it’s not an end, but the beginning of something new. Research has shown that people in their fifties are more vital now than they were only ten years ago. They’re saying, “I’m game, I’m up for it, I want to do more.” Jane Pauley, one of America’s most beloved and trusted broadcast journalists, offers humor and insight about the journey forward. The New York Times bestseller Your Life Calling is a fresh look at ideas that have been simmering since boomers first entered midlife with a different perspective on the future than any generation before: that there was more to come—and perhaps the best of all. Jane is not an advice giver but a storyteller. Here she tells her own and introduces readers to the fascinating people she has featured on her award-winning Today show segment, “Life Reimagined Today.” You’ll meet Betsy McCarthy, who traded in her executive briefcase for knitting needles; Gid Pool, who launched a career as a stand-up comic; Richard Rittmaster, who joined the National Guard Chaplain Corps; Trudy Lundgren, who took her home on the road in an RV; Paulie Gee, who opened a successful pizzeria in Brooklyn; and many more. “Jane Pauley is a wonderful guide to all the different ways you can open new doors in life, many of which lead to unexpected places. She shows with humor and insight why the journey to reinvention can come from all kinds of places and produce all kinds of joys” (Michael J. Fox). Your Life Calling is delightful, compelling, and motivating for anyone asking “What am I going to do with my supersized life?”

"A warm, beguiling book full of hard-won wisdom."--Janet Maslin, The New York Times "The Center of Everything is as realistic and familiar as a summer day in Kansas--brave and gritty, strong voiced and spare."--O, The Oprah Magazine Set in Kerrville, Kansas, The Center of Everything is told by Evelyn Bucknow, an endearing character with a wholly refreshing way of looking at the world. Living with her single mother in a small apartment, Evelyn Bucknow is a young girl wincing her way through adolescence. With a voice that is as charming as it is recognizable, Evelyn immerses the reader in the dramas of an entire community. The people of Kerrville, stuck at once in the middle of nowhere but also at the center of everything, are the source from which Moriarty draws on universal dilemmas of love and belief to render a story that grows in emotional intensity until it lifts the reader to heights achieved only by the finest of fiction.

A NEW YORK TIMES BESTSELLER! AS HEARD ON NPR MORNING EDITION AND ON BEING WITH KRISTA TIPPETT “Katherine May opens up exactly what I and so many need to hear but haven't known how to name.” –Krista Tippett, On Being “Every bit as beautiful and healing as the season itself. . . . This is truly a beautiful book.” –Elizabeth Gilbert "Proves that there is grace in letting go, stepping back and giving yourself time to repair in the dark...May is a clear-eyed observer and her language is steady, honest and accurate--capturing the sense, the beauty and the latent power of our resting landscapes." –Wall Street Journal An intimate, revelatory book exploring the ways we can care for and repair ourselves when life knocks us down. Sometimes you slip through the cracks: unforeseen circumstances like an abrupt illness, the death of a loved one, a break up, or a job loss can derail a life. These periods of dislocation can be lonely and unexpected. For May, her husband fell ill, her son stopped attending school, and her own medical issues led her to leave a demanding job. Wintering explores how she not only endured this painful time, but embraced the singular opportunities it offered. A moving personal narrative shot through with lessons from literature, mythology, and the natural world, May's story offers instruction on the transformative power of rest and retreat. Illumination emerges from many sources: solstice celebrations and dormice hibernation, C.S. Lewis and Sylvia Plath, swimming in icy waters and sailing arctic seas. Ultimately Wintering invites us to change how we relate to our own fallow times. May models an active acceptance of sadness and finds nourishment in deep retreat, joy in the hushed beauty of winter, and encouragement in understanding life as cyclical, not linear. A secular mystic, May forms a guiding philosophy for transforming the hardships that arise before the ushering in of a new season.

Sit back and relax and learn about why overworking and under resting can be harmful to yourself and your career. "Rest is such a valuable book. If work is our national religion, Pang is the philosopher reintegrating our bifurcated selves."--Arianna Huffington, New York Times Book Review Overwork is the new normal. Rest is something to do when the important things are done-but they are never done. Looking at different forms of rest, from sleep to vacation, Silicon Valley futurist and business consultant Alex Soojung-Kim Pang dispels the myth that the harder we work the better the outcome. He combines rigorous scientific research with a rich array of examples of writers, painters, and thinkers---from Darwin to Stephen King---to challenge our tendency to see work and relaxation as antithetical. "Deliberate rest," as Pang calls it, is the true key to productivity, and will give us more energy, sharper ideas, and a better life. Rest offers a roadmap to rediscovering the importance of rest in our lives, and a convincing argument that we need to relax more if we actually want to get more done.

Accompanying a future famous actress from her Wichita home to New York, chaperone Cora Carlisle shares a life-changing five-week period with her ambitious teenage charge during which she discovers the promise of the 20th century and her own purpose in life. By the author of The Center of Everything. Reprint.

WINNER OF THE NATIONAL BOOK CRITICS CIRCLE AWARD *A New York Times Best Seller* “Of all the stories that argue and speculate about Shakespeare’s life... here is a novel ... so gorgeously written that it transports you.” –The Boston Globe In 1580’s England, during the Black Plague a young Latin tutor falls in love with an extraordinary, eccentric young woman in this “exceptional historical novel” (The New Yorker) and best-selling winner of the Women’s Prize for Fiction. Agnes is a wild creature who walks her family’s land with a falcon on her glove and is known throughout the countryside for her unusual gifts as a healer, understanding plants and potions better than she does people. Once she settles with her husband on Henley Street in Stratford-upon-Avon she becomes a fiercely protective mother and a steadfast, centrifugal force in the life of her young husband, whose career on the London stage is taking off when his beloved young son succumbs to sudden fever. A luminous portrait of a marriage, a shattering evocation of a family ravaged by grief and loss, and a tender and unforgettable re-imagining of a boy whose life has been all but forgotten, and whose name was given to one of the most celebrated plays of all time, Hamlet is mesmerizing, seductive, impossible to put down—a magnificent leap forward from one of our most gifted novelists.
