The Structural Transformation Of The

The Structural Transformation of the Public Sphere: An Inquiry into a Category of Bourgeois Society is a 1962 book by the philosopher Jürgen Habermas. It was translated into English in 1989 by Thomas Burger and Frederick Lawrence. An important contribution to modern understanding of democracy, it is notable for "transforming media studies into a hard-headed discipline."

Habermas, Junger, The Structural Transformation of the ...  
Structural Transformation of the Public Sphere restructured my understanding and appreciation of Habermas. Everything I had read before by Habermas seemed to rest on a marginal utility of politics: politics is only as valuable as the last person to enter the political dialog. Trouble with this is it creates chaos where a true orderly dialog is ...

The Structural Transformation of the Public Sphere: An ...  
Part of the ambition of The Structural Transformation of the Public Sphere is to track how notions of the private and the public change over time in Western nations. In the 1800s, the bourgeois public sphere was actually a part of the private realm, because the public sphere was made up of private individuals communicating with one another about art and politics.

...

Habermas, Structural Transformation of the Public Sphere, 144 From the beginning, the bourgeois public sphere was as much an ideal as a reality. But this idea became harder and harder to believe in by the end of the 1800s, when governments had started to intervene into the economy, which was supposed to be a space of freedom and equality among individuals.
