Offers a humorous portrait of the fifth Duke of Portland, a wealthy, eccentric nineteenth-century nobleman who constructed a vast network of underground tunnels from which he could escape to the world outside

One of the most acclaimed novels of recent times, The Underground Man is the fictionalised diary of a deeply eccentric English aristocrat. The duke has just completed a network of tunnels beneath his estate. His health is failing, but his imagination seems to know no bounds. And while he spends more time underground and retreats ever deeper into the darker corners of his house there are some ghosts that

## Access Free The Underground Man Mick Jackson

demand to be acknowledged and some memories which insist on making themselves known.

The Fifth Duke of Portland was known as The Underground Man. This fictionalized story of the last six months of his life is told through his notebooks and the accounts of those who knew him. The Duke built a series of tunnels beneath his home and a series of dumb waiters to carry him around.

Something strange is going on in the village. A dead pig is carried through the lanes in a coffin, a heap of signposts are buried in a field and a mummy walks the streets late at night, scaring the local ladies half to death. Things have never been the same since the evacuee arrived and the Five Boys mistook him for a Nazi spy. It is as if someone is out for revenge. The village has had a whole host of visitors since: the Americans are down the road preparing for D-Day and a deserter is hiding out in the woods. But it is the arrival of the Bee King which makes the biggest impression. He is a law unto himself, has his own strange rituals and the villagers fear that he is beginning to exert the same charm over their boys as he does over his bees. The second novel by the highly acclaimed author of *The Underground Man* confirms Mick Jackson's originality and talent.

## Access Free The Underground Man Mick Jackson

From the pen of Mick Jackson, author of *The Underground Man* and *Five Boys*, come these ten acclaimed tales. Featuring undertakers, dark forests, resurrected butterflies and a singularly mean-spirited horse, the stories are nevertheless rooted in the realistic and all too recognisable world of retirement, loneliness, and childhood boredom. By turns funny, scary and heartbreaking, they are always illuminating, and further evidence of one of the most original and brilliant imaginations in contemporary fiction.

Mick Jackson is an award-winning novelist and screenwriter from Lancashire, UK. His first novel, *The Underground Man*, was shortlisted for the Booker Prize. He has recently started writing for children.

A newly-widowed woman has done a runner. She just jumped in her car, abandoned her (very nice) house in north London and kept on driving until she reached the Norfolk coast. Now she's rented a tiny cottage and holed herself away there, if only to escape the ceaseless sympathy and insincere concern. She's not quite sure, but thinks she may be having a bit of a breakdown. Or perhaps this sense of dislocation is perfectly normal in the circumstances. All she knows is that she can't sleep and may be drinking a little more than she

ought to. But as her story unfolds we discover that her marriage was far from perfect. That it was, in fact, full of frustration and disappointment, as well as one or two significant secrets, and that by running away to this particular village she might actually be making her own personal pilgrimage. By turns elegiac and highly comical, *The Widow's Tale* conjures up this most defiantly unapologetic of narrators as she begins to pick over the wreckage of her life and decide what has real value and what she should leave behind.

Roman om en af Englands store excentrikere hertug William John Cavendish Bentinck-Scott (1800-79). Romanen udspiller sig i det sidste år af hertugens liv

'They both stop and stare for a moment. Yuki feels she's spent about half her adult life thinking about snow, but when it starts, even now, it always arresting, bewildering. Each snowflake skating along some invisible plane. Always circuitous, as if looking for the best place to land...' Yukiko tragically lost her mother ten years ago. After visiting her sister in London, she goes on the run, and heads for Haworth, West Yorkshire, the last place her mother visited before her death. Against a cold, winter, Yorkshire landscape, Yuki has to

## Access Free The Underground Man Mick Jackson

tackle the mystery of her mother's death, her burgeoning friendship with a local girl, the allure of the Brontes and her own sister's wrath. Both a pilgrimage and an investigation into family secrets, Yuki's journey is the one she always knew she'd have to make, and one of the most charming and haunting in recent fiction.

'There is no category of bear whose story makes for more depressing reading, and whose miserable existence heaps more shame on humanity than that which follows...' Taking in these bears in chains, the circus bears of Bristol, the Victorian sewer bears and the spirit bears of the early years, among others, Mick Jackson's strange beast of a book explores some little known chapters in England's past. Mixing folk tale with fantasy, and history with myth, the narrative that unfolds is dark, playful and filled with magical moments, as it marches ever forward towards a strange convergence.
