Looks at the life of Dave Grohl, a rock star known for his work with Nirvana, Queens of the Stone Age, Them Crooked Vultures and the band he founded, Foo Fighters, in a book that draws on personal interviews with Nirvana producer Butch Vig, Queens of the Stone Age front man Josh Homme and Grohl himself.

From Nirvana to Foo Fighters, from brotherhood to bitter rivalry, from breathless highs to lifeless lows, Paul Brannigan gives an unparalleled, intimate and extraordinary account of the life and times of Dave Grohl. In 1990, little-known punk-metal upstarts Nirvana added a new drummer to the band. They were soon to become a global phenomenon - but as we all know, things went wrong. Dave's friend Kurt, frontman of Nirvana, took his own life, plunging the band and their future into chaos. His friends' grief was mirrored by worldwide sorrow to an unprecedented degree. Defying expectations, a knack that was soon to become his trademark, Grohl refused to see it as the end. In 1995 his new band, the Foo Fighters, rose to join the pantheon of rock deities. The 'wonder years' were by no means calm. The spotlight existence imposed by his celebrity status, the belittled vilification by his critics and his high-speed lifestyle proved a dangerous cocktail. This account of Grohl's life is more personal than anything written before, more startling, more thrilling, more heart-rending and more inspiring.

Someone called and said Kurt died. I just f*****g lost it.

While the Grohl family had always been musical-the family sang together on long car trips, harmonizing to Motown and David Bowie-Virginia never expected her son to become a musician, let alone a rock star. But when she saw him perform in front of thousands of screaming fans for the first time, she knew that rock stardom was meant to be for her son. And as Virginia watched her son's star rise, she often wondered about the other mothers who raised sons and daughters who became rock stars. Were they as surprised as she was about their children's fame? Did they worry about their children's livelihood and wellbeing in an industry fraught with drugs and other dangers? Did they encourage their children's passions despite the odds against success, or attempt to dissuade them from their grandiose dreams? Do they remind their kids to pack a warm coat when they go on tour? Virginia decided to seek out other rock star mothers to ask these questions, and so began a two-year odyssey in which she interviewed such women as Verna Griffin, Dr. Dre's mother; Marianne Stipe, Michael Stipe of REM's mother; Janis Winehouse, Amy Winehouse's mother; Patsy Noah, Adam Levine's mother; Donna Haim, mother of the Haim sisters; Hester Diamond, Mike D of The Beastie Boys' mother. With exclusive family photographs and a foreword by Dave Grohl, *From Cradle to Stage* will appeal to mothers and rock fans everywhere.
