In seventeenth-century Valladolid, Spain's new capital, Miguel Cervantes is busy writing his comic masterpiece, Don Quixote, which is being issued in installments. It is quickly making him the most popular author in the country, when three potential disasters strike: Cervantes discovers that there is a real Don Quixote, just like the character he thought he'd invented; a jealous poet concocts a scheme involving one of the novel's other characters to make Cervantes a laughingstock; and Cervantes falls in love with a beautiful, widowed, but un-available duchess. Many duels, misunderstandings, politicking, and betrayals later, Don Quixote himself comes to Cervantes' rescue. This sparkling tale of crazed knights, thwarted love, and literary rivalry is set against the back-ground of a mighty empire suffering from a century of reckless wars and a ruling hierarchy stultified by patronage and ritual. Peopled with an engagingly idiosyncratic cast that ranges from a Machiavellian duke to a misanthropic poacher, this charming story is imbued with the spirit, verve, and humor of the great novel to which it pays playful tribute. Tilting at Windmills is a dazzling evocation of Cervantes' life and times, and a brilliant weave of fact, fiction, and farce.

Andy Miller is a sports atheist. The beautiful game, the roar of the crowd, winning, losing, taking part - these mean nothing to him. But at thirty he is worried. He thinks he's turning into a bit of a crank. So Andy decides that he must try to love sport - and just maybe it will love him back. He shivers for a season in the stands at QPR, braves the queues at Wimbledon, stays (reasonably) sober at the Boat Race, gets his money's worth at a WWF event. But to really show his commitment, he takes up the one sport now dear to his heart - crazy golf. Dreaming of putting glory, he heads for Europe and the International circuit. No one can accuse him of being a crank now . . .

Mark had never thought of retiring. Barristers don't retire. However, his 64th birthday was fast approaching. 'When I'm 64' and all that, and, beneath the wig and gown, he had always had a desire to write. Time was running out. It's now or never. He - rather he and his wife, Helen - decided they would take a year out. Like their children had, only later. They quickly ruled out the West of Ireland and the Wild Atlantic Way. For obvious reasons. And opted instead for a pueblo blanco in Andalucía. Mark could write his bestseller there. A white-washed house in a white-washed village in the mountains of Andalucía. What more could an aspiring author want? He lost no time in getting down to it. A writing room without a view and a typewriter. And no interruptions. Everything went splendidly for a day or two, when fate intervened. Followed by weeks of slow progress while he negotiated surgery and the intricacies of plot. In May, Mark carried out a quarterly review. Radical changes were called for and implemented. Ruthlessly. Beginning with telling Helen he couldn't come home for her birthday. Summer came and went, and so did Helen. Deadlines loomed. Would Mark do it? Would he achieve his New Year's resolution: One Year, One Novel? From the author of the Dermot McNamara series, An Eye on the Whiplash, Brief Cases and A Night at the Inns, comes a hilarious new novel which will ring familiar to anyone who has ever thought there is a book within them.

Up until the late 1960s the story of Australian literary magazines was one of continuing struggle against the odds, and of the efforts of individuals such as Clem Christesen, Stephen Murray-Smith and Max Harris. During that time, the magazines played the role of 'enfant terrible', creating a space where unpopular opinions and writers were allowed a voice. The magazines have very often been ahead of their time and some of the agendas they have pursued have become 'central' to representations where once they were marginal. Broadly, 'little' magazines have often been more influential than their small circulations would first indicate, and the author's argument is that they have played a valuable role in the promotion of Australian literature.
