Transmedia Television:  
Audiences, New Media, and  
Daily Life . . .

Transmedia television:  
audiences, new media, and  
daily life. The early years  
of the twenty-first century  
have seen dramatic changes  
within the television  
industry. The development of  
the internet and mobile  
phone as platforms for  
content directly linked to  
television programming has  
offered a challenge to the  
television set's status as  
the sole domestic access  
point to audio-visual  
dramatic content.

About Transmedia Television.

Faced with what many were calling a dying medium, US network television producers became much more aggressive in seeking out alternative business and artistic models in the beginning of this century. Most significantly, many of these producers turned to the emerging field of transmedia (ancillary

Most significantly, many of these producers turned to the emerging field of transmedia (ancillary texts in comicbooks, novels and new media) as a way to bolster and support television products. In this book, the author examines four such programs (24, Alias, Heroes and Lost) and investigates how transmedia was incorporated into both the work and the art of network television

Trends in Network Serial ...

Transmedia storytelling (also known as transmedia narrative or multiplatform storytelling) is the technique of telling a single story or story experience across multiple platforms and formats using current digital technologies.. The study of transmedia storytelling—a concept introduced by Henry Jenkins, author of the seminal book *Convergence Culture*—is an emerging subject.
