It can be found on decals and/or plates on the product. However, the appearance and location may differ depending on model and year of manufacture. Refer to your operators manual to find the location of your serial number. For a general guide on how to find the serial number, click here.

Your Engine | Volvo Penta

Volvo puts the engine serial number in two places: A sticker on the timing cover and a stamping on a engine block surface. It is very common for the sticker on the timing cover to be missing or damaged but the stamping on the engine block is always there. The sticker and the stamping both have the engine family and the engine serial number.

How do I find my engine serial number or engine family ...

if your looking for the engine serial number, it is stamped on the engine block. BUT, it is also on a sticker along with the engine part number located on the front of the plastic timing belt cover...

Have my "new" 07 v50 T5 in for a NSW Blueslip and the shop cannot locate the engine number. I've searched the net for white block number location but there isn't a lot on the net for the above models. The photos are what I've taken on my C30 T5, same engine and cannot find on that either.

V50 C30 S40 T5 Engine number location | Oz Volvo Forums

These engines were painted in dark charcoal. Even though they were marked OMC Cobra, these engines were in fact produced by Volvo. Their serial numbers started out with a two-digit number followed by a letter string which indicated the model and year of production. So for example, in an engine with the serial number 4.3GSPNCA the 4.3 tells us the displacement. The letter G identifies the engine as a General Motors block.
