Seeing is Understanding. The first VISUAL guide to marine diesel systems on recreational boats. Step-by-step instructions in clear, simple drawings explain how to maintain, winterize and recommission all parts of the system - fuel deck fill - engine - batteries - transmission - stern gland - propeller. Book one of a new series. Canadian author is a sailor and marine mechanic cruising aboard his 36-foot steel-hulled Chevrier sloop. Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

This is not a technical book. There are many of these publications on the market, some written by experts in the field, others written by those who have been diligent in their research, and presented a book covering all aspects of boat building. rather, this book has been based on the author's experience in building a boat with the foam core method. And as such is offered to the reading public for their consideration. Secondly, the book could also be of benefit to other prospective amateur boat builders, giving them the necessary boost to their confidence, and to their commitment.

Format 6 x 9 Illus. 50 b&w photos + 24pp color photo section The definitive book on all aspects of metal corrosion in boats Includes a new 24 page color section Invaluable new content on electrolytic corrosion, copper sheathing, chromium plating and new sealants By the acknowledged expert
