The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

Real world advice from Dick Dauch u the man who engineered the manufacturing renaissance at Chrysler. Automotive authority Richard Dauch, best known for his contribution to ChryslerAs early-eighties resuscitation, just wrote a new book based on his 27 years of experience building cars. *A Passion for Manufacturing* is loaded with issues and anecdotes about manufacturing from the man knighted by

Iacocca as the number threeAs Executive Vice President of Worldwide Manufacturing. Twelve chapters cover everything from manufacturing dos and don'ts, tips for a successful facility tour, how to work with unions, and being a successful plant manager, to education, teamwork, vendors u and more!

It is an acknowledged if not accepted fact that all European societies are being fundamentally transformed, and indeed perceptively unsettled, by increased migrations across nations and by the asserted presence of established minorities within their borders. The scale and speed at which these transformations have taken place have brought in their wake considerable social impacts and no small measure of fear and anxiety. Encounters with such diversity are part and parcel of the social work task, and learning how to negotiate them should be a de facto aspect of the training and continuous professional development of social workers and other social professions. However, the moral and political dimensions of the role, scope and nature of the social work task in responding appropriately to these changed and changing realities are rather more contested. This volume addresses many dimensions of the response to issues of race and ethnicity in social work practice in Europe. It extends the debates on inter-cultural and race equality practice in social work through a stimulating and

innovative collection of contributions. This book was originally published as a special issue of the European Journal of Social Work.

Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God's real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God Of the many names of God commonly used in the Bible and other sacred literature, none is God's real name. Every God-name, including YHWH, reflects only one of God's many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can't truly know something until you know its name, how can we truly know God? The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick's work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi enables us to finally meet the whole, complete, real God--both the grand God of

the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God's name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, we can affirm the connection to the Divine at the core of our being. We can touch the face of God that resides deep within us all.

Miss Lily Strathmore has made a desperate bargain. One last adventure abroad with her botanist uncle and his family, and then she will do as her parents bid and wed the proper (and boring) viscount her mother has selected as Lily's ideal husband. James Huntington is on a mission. Retrieve his grandfather's lost journals from the wilds of Tunisia, and win the estate and fortune he so desperately needs. This quest will be the making of him—or his ruin. Thrown together on a botanical expedition, James and Lily's attraction is immediate, and impossible. Despite every reason to keep their distance, the two find themselves inexorably drawn together as they race to reach a hidden valley before their enemies can bring all their dreams crashing down.

A leading consumer advocate reveals how to protect your money, time, and integrity from corrupt businesses Once upon a time store prices

were simple and fair, businesses stood behind their products with guarantees free of fine print and loopholes, and companies genuinely seemed to care about their valued customers—but those days are long gone. In this groundbreaking exposé, consumer advocate Christopher Elliot reveals the broken relationship between American consumers and businesses and explains how companies came to believe that fooling their customers was a viable, and profitable, business plan. Scammed explores how companies control information to mislead, distort the truth, and even outright lie to their consumers. Exposes the various ways companies have led their war against information—from seductive ads, disingenuous fine print, and unconventional promotions that involve seeding discussion forums and blogs with company-friendly comments Offers consumers insider knowledge of the system, reasonable expectations, and a clear understanding of the games businesses play Christopher Elliott is one of the nation's foremost consumer advocates Protect yourself, your time, and your money from the predators of the consumer world. Armed with knowledge, readers will become far more discerning and every business's worst nightmare.

Explains how to build complex scripting functionality with minimal coding, providing coverage of functions ranging from incorporating Ajax apps and overcoming the limits of HTML and CSS to building plug-
